Its been 2 days since calling in this attunement. I was laid on my bed after putting music on for relaxation and I instantly felt a heavy presence all over me and also tingling here & there. I felt so relaxed, so at peace and amazing as I let the Algalithians and angelic realm surround me with their light & love. I've been left feeling a special connection towards the attunement and I would recommend to all that's thinking about this. Thank you Jill xxx

Angelic Chakra Healing Programme - Level 1

Reviewer: **Louise** from **Shropshire** ★★★★★

I have studied with Jill for a number of years now and am full of admiration for the way in which she is able to make spirituality accessible to all. Jill's course is exceptionally well thought through - filled with sufficient information and diversity, with the added benefit of it being recorded for further self-study later on. Students are given ample opportunities to ask questions and share their experiences throughout each session. It was a very humbling and yet immensely enjoyable journey for me, to connect with the angelic realm throughout this programme and I wish the same for any prospective students too. A truly outstanding course Jill Harrison.

Hello, this attunement has helped me come into contact with my alien guides all I can say is your attunemnt is so transformative and in many ways I would say also purifying, becuase sine I have had this attunement I feel so closely connected on an energetic level with everything. I now have contact with one of my Algalithian guides and they are helping me in my meditations so break free of the 3D reality. I now able in my meditation to experience a really deep state of awareness and in my dream state visions of what is to happen are now becoming reality. My guide is helping me to ignite my inner wisdom he says and

the communication with other beings has created such a big shift in my own work when working with my clients. Thank you for this good attunement is surpassed all of my expectations.

What I loved about this webinar is that is allowed me to heal myself along the way. It helped me to understand what each charka does and ways of making sure they were balanced. Its a great webinar if you want to help others though healing and or heal yourself. Jill really gives you all the tools that are needed for you to fully understand each charka and how to use them with different modalities. If you are a reiki practitioner this webinar can aid in helping you with your abilities as it will intensify each charka.

[What Is My Soul Name? - Channelled Angel Reading](#)

Reviewer: **Fridelle Stanyer** from **Queensland, Australia** ★★★★★

Blessings from Down Under, dear Jill :) I got goosebumps when I read my soul Name. Yes, Meirael feels like homecoming. I see myself in almost everything Archangel Metatron conveyed to you about me. However, I have meanwhile learnt a few Life Lessons and so I should, being 70 years young :). They are

determination, confidence and will power. My friends call me 'The Fearless Warrior Woman'. I am presently fighting a legal battle against our rental estate agent on retaliatory grounds for having evicted us, no reason given. These days I finish what I start. It;s been taking me a long time to develop self-sufficiency and not support and not support others at the cost of my own needs. I am about 80% there. I have always made my own decisions from an early age. Avoiding to be too sentimental is like depriving me of oxygen. I am sorry to have to disagree with you that I avoid self-development. I am a Holistic Healer, Life Coach and Animal Whisperer in this life and on a soul level. I have never stopped getting to know myself more in depth and moving forward, be it intellectually or spiritually. I am a seeker and searcher of all the wonders in the Galaxies which are far beyond our limited human mind. I do not like unfounded criticism and why should I? With Angel Blessings from my heart to your heart and from my soul to yours, dear Jill. In Grace and Gratitude, Meirael

I have been a healer for over 20 years and I am always looking for ways in

which I can continue to grow and understand the deeper ways in which energy is transmitted and used for healing. I have over the years worked with many spiritual healing teachers but yours was the most powerful energy distance attunement I have ever had. It was simply magnificent. Having been attuned to many different energies I now know the difference between those who profess to be a healer and those who actually can perform the REAL DEAL and you definitely did that. I loved the information and support you gave and the process was so easy to follow and do. You have transformed my ability to heal others so much so that I feel I have found a true angel healer and now I will continue to remain with you. Your work and commitment to your students is second to none and you always seem to help me feel more empowered with each attunement I have. Jill you are amazing, thank you.

Re view Algalithian 7D attunement webinar As always this webinar was a vast source of information. The actual attunement was so deep that I wondered if I had missed some parts of the affirmations because I did not seem to remember. I felt the release of pain from certain parts of my body and felt much lighter and so much at peace immediately after. Even tho I thought I had not experienced a great "deal" I later realised that I still felt this prickling feeling in my crown chakra like a whirlpool of electricity going round. That was when I realised that I must have gone much deeper than I thought. needless to say I slept like a rock when I went to bed shortly after. this morning I woke early and felt still enormously at peace. Thank you Jill and the Algalithians; I honestly can only recommend this Attunement/ webinar!

I'd give this 100 stars if I could. The transformational energy was so potent for the first time I truly felt the energies of the universe dissolving my fears, self-doubt and my intuition has become so fluid, these Algalithian webinars really are transformational life-changing energies for your soul and spirit. There is a very special energy that these beautiful Starseed beings have, with their simple and yet very effective teachings you learn 6D & 7D practices that bring you so many insights and perceptions that completely change how you react with modern life. You really do discover how to remove the heavy 3D energies and awaken to the beauty and harmony that is available to use from the universes around us. These webinars have enabled me to release so many behavioural patterns and toxic stories that were weighing me down. I now feel so filled with light, peace, love and insights that life has taken on almost a magical quality that is just about indescribable. The Algalithians brings together founding ancient wisdom and amazing interconnecting energies that reconnects you with the heart of the multi-dimensional universes and all the magic of what is possible. I believe these webinars are the key to learning how to transform our 3D personal energies into higher frequency cosmic energy. I was always struggling to find how I could bring positive changes into my own reality and the world around me. Jill and the Algalithians have helped me step away from the toxicity of 3D humanoid programming and illusions and discover the real keys to achieving wisdom, guidance and energy for transformation and for this I will be eternally grateful.

It was delivered with Jills calming and soothing voice which always gets you very relaxed and to the place where you need to be. My experience with this Algalithian transmission was very profound. Lots of energy going through my body. My head in particular I believe i was feeling a kind of pulsing sensation as though the brain was connecting more with my heart. At first I found the idea of Algalithians quite bizarre although I am not arrogant enough to think that we are the only race in the Universe. I found the thought of another race, additional to the ones that I am familiar with, quite exciting and was devastated when I couldn't attend the webinar live. I felt that a recording would not have the same power or resonance. When I eventually had the time to watch the recording I was fascinated with the detail that Jill gave us. A few nights later I noticed that my dreams were becoming more lucid and detailed. I

am eagerly anticipating the next webinar.

I have been working with Jill for over five years now as a student and consistent follower of her AMAZING work. Despite what she ya going through she is always concerned about helping her students to learn and grow to establish in my opinion the optimal life of spiritual awareness, love, light and aiding in my ability to heal on so many levels. When I first came across Jill and her work I was at a very dark place in my life. I had lost 6 family members, I had a near death experience that landed me in a very confused state of mind. I ordered a reading from Jill and Ever since then my life has changed and been remarkably better. I still have my ups and downs and still have many improvements that need to be made but she has always steered me in the right direction even if she doesn't know it! I believe with all my heart she is the BEST spiritual teacher anyone could ever ask for. I'm hooked and whenever I need guidance she's who I turn to. Not only does she know what she is talking about but she is also-humble and kind. She's real. And it's hard to find that now a days. Thanks so much Jill from the bottom of my heart!

The Algalithian webinar was truly worth participating. I have studied how the grids and our DNA interact from many sources. One a magnetic Master and when the Algalithians stated they were magnetic and gave the same information I knew the next step was beginning. The meditation/activation they shared to connect with our DNA and clear the implants and imprints works. I had very bad knees. It is now day 4 after viewing the video and they are improving daily as I speak with my DNA and use the affirmations. I look forward to the future webinars and the help they are sharing.

I was immediately drawn to this Webinar on Algalithian Wisdom, to learn more about and to receive, the new healing frequencies and light codes that were being downloaded to delegates during (and after) the transmission. Jill and the Algalithians, taught us about how it is possible to remove implants and (karmic) imprints, that are held within our DNA and how DNA has its own energy and consciousness that can be (re)-programmed! Prior to attending the course, I hadn't realised that DNA 'hears' our criticisms and negative comments which then act as barriers to our health, abundance and ability to then manifest all the good things in life which are our divine right to receive. Thankfully, Jill provided some absolutely brilliant tips, on how to remedy this (nothing complicated). I really can't wait for the next installment of Algalithian Wisdom and would have given this Webinar a 10* if I could!

Just watching and taking part in the simplest of exercises has already had a very profound and powerful effect on me. Jill expands your knowledge of soul energetic healing, and it was explained in a very down to earth and easy way which encourages you to truly explore the deeper aspects of your soul matrix without feeling anxious or unsure about what is happening. The next day I felt such a release. My life has changed beyond recognition just in that one session. I have now booked onto the other webinars and can't wait for them to take place. Jill has really helped me change my life, I felt really unsure and lost and life was just going from bad to worse. Jills down to earth personality and sense of humour helped me really feel at ease more like a friend than a coach. Jill really believed in me even when I was being negative and doubting myself. Each week Jill gave me the tools and courage to follow realise my dream were important and that they were possible if I was willing to trust in myself. A year on from this experience, that is how long I have left it before leaving a review because I wanted to see if this would be life changing and yes it was. I have now emigrated from Inverness to Perth I had the courage to leave my life in Scotland as a nurse and now I have a so much better life. I left my partner because I realised we were making ourselves miserable and I cut ties with my painful past and since then I have found this last year I have lived my live with passion with meaning. I am so thankful because in the beginning I just didn't

realise it until I started working with Jill that even when the coaching has finished she is still a bit part of my life. Her daily facebook feeds are so inspiring encouraging and they keep me on track like a friend who is there for you no matter what so has Jill changed my life yes she has

It seems that no matter what issues I had they just would not resolve themselves. I was tired of reading self-help books, watching you-tube videos , visiting psychics to try and fix everything that was going wrong in my life and after so many wasted days, weeks and yes even years I found Jill Harrison. I didn't think coaching would be the answer but Jill was patient and helped me see how if things were to change then I had to begin with what was going on inside of me. I felt I had lost the girl that I was. I felt that much of my life was filled with stuff but very little joy or a deep sense of fulfilment. Ten weeks on, yes, ten weeks on I am like a different person. The young girl I was, that young girl who was happy, eager to try new stuff is beginning to return and even though my outer shell looks mature, inside my 22 year old fun self is awakening. Jill helps you see how what we think, what we say to ourselves creates a lot of our own toxicity. She helped me identify behavioural and mental patterns that kept me in the loop of problem after problem. It was pretty ugly to look at everything and see in with clarity but Jill supported me in a very gentle and nonjudgemental way I felt like I had a spirit guide in the flesh. I loved how the sessions were done specially to suit my own needs, never push but gently guided and supported. Jill was right I did not know how strong I was and how much life could change if I was willing to invest in myself. I am so glad I did. this coaching has helped me to offload so much pain, anger and help me overcome such a lot in such a short space of time. In terms of what this coaching has given me I would say it has saved me years of suffering depression, years of living well below my potential and yes I would even say perhaps years of mental health issues and illness. If you really are, like I was tired of everything then dont look at price of these coaching sessions look at the investment and ask yourself what value do you place on happiness health and joy it took me a long time to realise that sometimes if we want something badly enough you will do it when it hurts enough so thank you Jill you have completely refocused me and lifted me from my own pile of doggydoo.

I have taken a couple of days before I wrote my review as I really wanted to absorb everything I could from this reading with Jill. Firstly I'd like to express my gratitude and heartfelt thanks to Jill for delivering such valuable knowledge in such a warm and loving way to tell me exactly what I needed to hear. The reading its self was full of wisdom and insights and it confirmed to me many things. First and foremost that I am on the right path to fulfilling my souls calling in terms of spiritual fulfilment within a career path, Jill had already written down some things that would be beneficial for me and lone behold one of the particular areas she put down as a good choice, I had already signed up for In May to start a journey on. It really made me feel wonderful inside to know I'm perhaps listening to my souls calling more than I had previously thought I was. Jill's reading provided me with many things and quite honestly I think I'll still be listening to the recording for months to come. I have noticed in the past couple

of days since receiving the reading that I've found a renewed sense of confidence within myself, I am learning to fully trust myself and know that I have tremendous Inner strength that I only have to tap into while riding the waves of life. I feel much lighter within myself and have an inner calmness that I didn't have before. I probably could never fully express what this reading has done for me as it's been invaluable. It's something I shall treasure always and I fully intend on using it as a stepping stone to gain new heights of fulfilment and happiness within myself and those around me. If you are thinking about getting this reading and are unsure I can only tell you that for me personally, it was worth every penny and If your feeling perhaps like your lost and need some direction this is the reading for you. I now realise that living in my heart is the compass that will navigate my way through this beautiful journey we call life and no matter what path my life takes that I am at one with God and all of creation and nothing can hold me back from attaining all I aspire to be as I only have to believe In myself.

It was easy to understand and I loved the practical exercises which I did at a time to suit myself. I liked how I didn't feel pressured, if I didn't do very well I repeated the module until I felt I had grasped the rudiments of it. This program is ideal if you are restricted by busy workloads I have found I am not communicating with my guide really well and although I haven't seen them, they have guided me and talked with me so that I now feel very comfortable taking their messages. I enjoyed working with other people in the group, There are various exercises to do such as carrying out readings which helped to develop my connection and intuitive skills. There are guided meditations which take you to a place were you are able to relax, receive information , see colour and symbols. I soon realised that I was clairaudient and this course helped me to understand my gifts. The course helps you to connect with spirit by understanding the Spiritual Realms and the many light beings who contribute to sessions. The course is very informative and easily accessible through webinar. Jill encourages group participation which is helpful to hear that others have had similar experiences. Thank you x

[CHANNELLING SPIRIT - A Channelling Course For Beginners](#)

Reviewer: **Marci Miller** from **Cheyenne, Wyoming, USA** ★★★★★

Although I wasn't able to join in with the live webinars, I did this programme on my own at home. I liked how Jill took me through each step and by practising each module I noticed that I was beginning to pick up more stuff than I used to. I did not expect instant results but by the fourth module I had a strange moment where I was with a friend who was talking to me and I heard a voice tell me my friend was hiding her emotions for fear of being vulnerable. The voice was so loud I nearly fell off my chair. My friend asked me what was wrong so I told her and as soon as I said that the voice said if she cannot be honest with herself she will never be open to finding what she wants. When I repeated it to my friend she agreed that what I had said was true. I don't know who that voice was but I thanked spirit and it really gave me confidence that I could do this. This was a very thorough programme and one I know I can come back to. I love it and thank you so much for all the hard work you put into making it. I especially like the students who were with you on the live event. Listening to them helped me identify similarities and feel OK with what I was getting. This is a serious programme for people like me who wanted to learn how to open up to channel and it was worth every cent. Thank you so much. Please do another programme I love learning from you.

This Channeling course has been nothing short of a transformation in all aspects. It helps you become so much more In tune spiritually. I wasn't always able to always join the live events due to caring for my child but I have been working through them at my own pace with being given a recording of the live event and the course work to keep after each module. Each module is an education and a gift and I am so glad I decided to sign up for this. Jill's kindness and patience she has while teaching is abundantly clear, she is happy to answer any questions or clarifies on things we may not understand. I'd highly recommend to anyone looking to progress from the current stage they are at on their spiritual journey as it really does have something for everyone, from beginner to more advanced. Thank you Jill.

Reviewer: **Heather MacEwen** from **Aberdeenshire, Scotland** ★★★★★

This channelling course was perhaps one of the most illuminating and life changing courses I have ever undertaken. Practically, Jill is a superb teacher offering clear and structured guidance. The teaching was delivered online via monthly interactive webinars and with access to Jill over email at all other times. This course was, at times, intuitively taught so guidance was coming in full from the spiritual realm....where else can you get that?! I have learned so much about myself and about this journey we are on. I feel I have moved forward in my own spiritual development in leaps and bounds and now have a permanent platform of communication with several types of beings that I know will continue to grow and develop. Angelguidedmediations is unique, the spiritual realm

invest in you through Jill and that is priceless. I can't wait to learn more.

[Lyrans Multi-Dimensional Starseed Soul Defragmentation Attunements](#)

Reviewer: **Alicia James** from **Washington DC, USA** ★★★★★

This was a really mindblowing attunement. The first session was a little uncomfortable I could literally feel energy blocks being removed and I had to focus really hard to breathe and release the energies but I stuck with it and within seven minutes or so the energies changed I suddenly felt myself being lifted up out of my body and I could see my body below me. I have never had an out of body experience before and it was quite weird to see my body below but I could feel the presence of the Lyrans and a lyran guide was holding my shoulders. I then reentered my body and felt such peace. My second session was a total healing and again jaw dropping experience I could feel my physical body getting heavier and heavier and then there was like a pop and I was in this space ship and the Lyrans were there talking with me. They showed me my life as a starseed and it made me cry at the pure love and beauty I felt of just being with them I did not want to come back. My third session I wanted to do but was hoping I would not be disappointed after the other two so I was kind of scared to do it. I left it a few days before doing my final attunement session. As soon as the attunement began I could feel myself vibrating really fast, the waves of energies were so strong. I could feel my heart pounding I knew I was going deeper and deeper into a trance like state and then it was like I ceased to exist instead I was just part of the universe, I have never felt such peace. It was like I knew who I really was, my purpose, everything it was as though I was part of the cosmic flow. I felt the presence of the Lyrans once more and was totally transported to being at one with everything. You have to do these attunements they are out of this world excuse the pun. Since my attunements I have felt such a deep contentment like I am in the world but not of it if you kind of understand what I mean. It is as though everything is luminescent transient I can see the flow of energy in and around everything and everyone like a voyeur I can watch life unfold without feeling I have to be or do something words cannot describe how wonderful everything is I hope this will last but I have found listening back on the attunement tones straight away puts me back in my starseed zone thank you so much for bringing these amazing energies to the world.

Reviewer: **Debbie** from **Northumberland ENGLAND** ★★★★★

I have found that I've had imbalances all my life due to a lot of things going on around me. This meditation made perfect sense and taught me a lot about myself. Certain parts of my upbringing to past working life & much more are screaming out to me and they have for some time now. I knew something was so wrong and this beautiful meditation (number 14) by Mary Magdalene has helped me really identify this now, more so to the fact that I felt a bit saddened by it, but in a good way. Sometimes i wish i could just reorder this life again but i know that's impossible so i will just work more on the grounding. Other than all that its a great meditation so thank you for this Jill xxx

[What Is My Soul Name? - Channelled Angel Reading](#)

Reviewer: **William Wilson** from **Kirkcaldy, Fife, Scotland** ★★★★★

Thank you for the soul name reading which I did a bit more delving into once I

heard from you - I don't feel 2.1 million miles tall just now , This from the Torah >>>> Hadraniel (or Hadarniel among other variant spellings), whose name means "majesty [or greatness] of God", is an angel in Jewish Angelology assigned as gatekeeper at the second gate in heaven.[1] He is supposed to be more than sixty myriads of parasangs (approximately 2.1 million miles) tall and a daunting figure to face. When Moses arrived in heaven to get the Torah from God, it was said that he was speechless with awe at the sight of Hadraniel.[2] Hadraniel didn't think Moses should have the Torah, and made him weep in fear, which caused God to appear and reprimand Hadraniel for causing problems. Hadraniel quickly decided to behave and acted as a guide for Moses. This was a great help, for (according to Zoharic legend) "when Hadraniel proclaims the will of the Lord, his voice penetrates through 200,000 firmaments." [3] Also, according to the Revelation of Moses, "with every word from his (Hadraniel's) mouth go forth 12,000 flashes of lightning." [4] In Gnosticism Hadraniel is only one of seven subordinates to Jehuel, prince of fire (King, p. 15). In the Zohar (55b), Hadraniel speaks to Adam about Adam's possession of the Book of the Angel Raziel, which was said to contain secret information that not even the angels knew All I can say is wow!! Stunned - if I have the same energies - I need to do more inner work and maybe one day I will open up more to connection . Maybe some more will come to me in meditation time . Thank you so much Peace, Love and Blessings a thousand fold

I have always felt a special connection towards Archangel Gabriel as he was always the first Angel I only ever knew of, this stemmed from the nativity plays at school when I was small. I feel yet again that my connection has deepened with Gabriel, this was a lovely attunement to have received, I experienced quite a heavy sensation although at the same time feeling very peaceful and relaxed, I also felt the tingling around the crown and hand chakras. Thank you so much Jill and Archangel Gabriel xx I would certainly recommend.

[Kabbalah Soul Path Reading](#)

Reviewer: **Kate (Karen) Rogers** from **USA** ★★★★★

I knew nothing about the Kabbalah. I have been on my Path since 1987 and see my inner work as a top priority. This reading was outstanding. I have had two parallel starseed readings from Jill; both of which were of immense help to delve deeper into the nuances and subtleties of inner growth and transformation. I believe strongly in the multidimensional nature of the soul and Jill's work again has proven a wonderful mirror into what I need to see and change and even how to; positively, with a light heart, and a zeal and joy for life. I do have one question and I felt when I first read it, I was receiving a little heads up - like, don't be in a hurry; take your time going up and own stairs (when the vision has been hurting oneself falling down the stairs.) Jill said I was to be cautious in dealing with the element of fire - lightning, electricity, everything combustible and explosive. In my long distance Body Talk today my fear of the fire element came up. Do I need to know any more about this? It really stuck out as an odd inclusion and clearly something I needed to know. In the whole reading it was all about confidence and courage and going for the new ideas. Being cautious does stand out. Does anything further need saying on it? Stellar channelling and presentation. Very grateful, Kate (Karen) Rogers

I normally don't leave feedback for things but I am blown away with the results of this meditation. I did the meditation the first day I got it, I thought it was nice, it was relaxing and fun. I then put the cd back in its case and forgot about it. The next day I got a letter through the post and I had won a cruise. Things like this don't happen to me. I thought is was a fluke. but a few days later I was feeling stressed so I did your meditation again. The next morning I popped into a shop and I never buy scratch cards but thought what the heck, so I got a £1 one and blow me I won £100. Over the past few weeks I have had a pay rise I did not expect and my husband got a promotion which means he gets more pay now too. My mum won at bingo and she gave us half of her winnings towards the cruise we're going on for spendo so thanks my luck has turned around since I got your meditation. Every time I get stressed or feel miserable I do your meditation it works a treat for picking me up.

Reviewer: **John Fowler** from **Gloucestershire, UK** ★★★★★

Thank you Archangel Uriel and Jill for my Energy Orb Attunement. A profound energy attunement that initiates me to my higher purpose. One aspect for me, is to recover lost knowledge of ancient mystery schools. This attunement is to last the duration of my life. This attunement started with me having coldness in my feet, I could see the Orb above my head descending down to my feet, finally seeing myself as a pure white mass. I then went to sleep for about 20 minutes. I awoke feeling slightly sleepy then felt my feet warm. Sitting in my chair aware of feeling myself in the distance I didn't want to return to full consciousness. In all it took about 65 minutes. Wonderful experience. Saw Uriel nearby. Great benefits from this attunement.

I must say that I was a bit dubious about ordering this because I really did not know if energy attunements sent distantly worked. Due to your low price I intuitively felt it was worth a shot. During the initial attunement I was not sure what to experience and I think I over thought the process so because of this I thought I felt something happening, but wasn't sure. The information you sent was really helpful. I decided to spend the next five days after the attunement working with the energies and it was during those sessions that something really significant happened. I connected with Metatron I actually saw him. All my initial reservations were completely blown out of the way. This has been so life changing for me on so many levels. I have had a complete breakthrough on so many levels. People have noticed the difference in me too so if that isn't proof what is. Thanks Jill you have converted a cynic and changed my life well you and metatron that is.

[Kabbalah Soul Path Reading](#)

Reviewer: **Karen** from **Cheshire, UK** ★★★★★

Wow to say this reading is good is an understatement!! This reading was done for me a few years ago but I clearly wasn't ready to receive or understand at the time so only now am I revisiting and reviewing (sorry Jill!). The life events, issues and health problems listed are all so accurate, even down to when they began to manifest at certain periods in my life. I only really started to 'wake up' properly at the beginning of this year, 2016, and now I can really see the full benefit of this reading. My soul wanted me to follow a spiritual path a long time ago and I ignored it or didn't realise/never had the time, the reasons behind issues and certain health problems and how they manifested are as plain as day now because I know that it was because I was ignoring my soul's true path. Now I'm waking up things are getting so much better! There is so much information in this reading it can seem a bit overwhelming at first but stick with it as it gives you such insight on so many levels. If you are ready and willing to learn and accept your soul's lessons you will love this!

I have been a crystal healer for 4 years and I have to say that these crystals are the best. They are easy to program and they do a great job of helping you to tap into really strong healing energies. I notice the difference in strength of energies when I use these compared to my other crystals. They may be small but they definitely pack a punch. Love that they are so cheap too, last time I bought a few at a psychic fair cost me a fortune.

Thank you Jill, for a truly amazing experience at your one day class. You are such a gifted teacher who embraces your spiritual work with tremendous enthusiasm, immense knowledge, complete humility and not forgetting your incredible sense of humour. Jill has an exceptional gift at being able to assist her students, regardless of what stage they are at, on their spiritual journey and

does so, in such an encouraging manner and she can channel further insights live from her guides should additional advice be required for her students. The class content contained, the perfect blend of activities - mini tutorials, practical exercises, meditations, discussions and pair work. I was also blessed to be joined by such lovely students who also attended the class. Saying how amazing Jill's cooking is, would be another 5* review in itself! Thank you also Glenn Harrison and Ian Newton for all the work you both did in the background, to make this day so special for everyone who attended. For those people who were unable to attend this course, Jill has on her website, several meditations that can be downloaded as MP3 files or purchased as CDs. My sincere gratitude to you all.

[Starseed Parallel Guidance](#)

Reviewer: **Kate** from **Alberta, Canada** ★★★★★

Both Starseed Parallel Lives readings delved deeply into what would shift old paradigms in me, highlighting areas I recognized but did not appreciate were actually of considerable importance to this task. Jill awakened me in key ways, to be made privy to parallel lives and why they were reaching out to me. It did much to bring into sharper focus the bigger picture of my multi-dimensional self and roles specific to my soul. It was top calibre work and the readings continue to remind me where my focus needs to be. When we think we know it is often only a hint. The readings brought me closer into alignment with what I hope to achieve in this present life. Thank you.

REVIEWS - READ WHAT OUR VIEWERS HAVE TO SAY

Reviewer: **Becky** from **California, USA** ★★★★★

The entire series of webinars are transformational. Preparing us with each for another step of our journey to Ascension. So that we can fully embrace the energies brought to us in the final webinar with Archangel Metatron. Each of the others opened us also to use our growth to help others, and the culmination with Metatron was for our personal ascension process, and being able to embody this if we so choose, to be of even greater service in fulfilling that which we came to do. I recommend this to any serious seeker of reconnecting with the Divine within and around us, and being of greater service.

Archangel Celestial Attunement

Reviewer: **Julie J** from **Yorkshire, UK** ★★★★★

Hi Jill I would like to take this opportunity to thank you and Archangel Chamuel for the very powerful energy attunement and healing orb Synchronicity was certainly at play here as I was drawn to this attunement to help me through some devastating news that knocked me sideways which has played havoc with my emotions and it has taken me a while to process and come to terms with recent events which is why I have only just round to doing this . My experience of the activation of the healing orb was very powerful. I felt expansion within my crown chakra opening and could feel the energy swirling around . Archangel Chamuel energies to me are really warm very loving and peaceful . I experienced the energy attunement as a loud strong whooshing sensation that was more dominant within my left ear than the right. I felt stroking sensations all over my face cobweb effect stronger on the left and a running cascading of energy down my spine. I also felt an energy shift under the right hand side of

my ribcage Following this I slept really well and woke to a profound sense of peace . I have no qualms in recommending these attunements Many thanks again Love Julie xxx

Now I advanced my abilities, it is great to understand I am working with the Arcturians and why. Since your coaching, I am now working with them regularly on the advanced light technologies they are using to help humanity at this time. You really have helped me go beyond anything I thought was possible. You have enabled me to go from dreaming about teaching to teaching. You should call yourself the teacher of teachers. This reading is as described personal guidance. The pure essence of the reading is the energy of Divine Love, which is Lord Sananda and comes through with each word that you read, and uplifts you. The guidance was specific as to what gift has come forward with me from prior lives that I have been preparing to bring forth in this life and the next steps opening for that to occur. I have only read the reading once so far, but emotionally I feel Lord Sananda with me more than ever in my life, and that is very comforting, and I know together the path will unfold in Divine Order I am saying that for me this was not just a reading but a reconnection with the energies and love of Lord Sananda. I am very glad I choose this reading.

Well, when Jill sent my Lord Sananda Reading through I promised myself that I'd set some quiet time to sit, read through and digest and engage with my thoughts after my busy work schedule. Big Big mistake, the urge and draw to delve and discover with anticipation was so strong everything else ceased to exist. I'm now sitting in awe with tears rolling down my cheeks, my Soul turned inside out and have never never felt LOVE and such COMPASSION bleeding through a reading before. I know and felt the presence of Lord Sananda (Jesus) was by my side with every word, with every tear i shed. The hope and faith this

reading has restored in me to follow my dreams and open those doors is overwhelming and life changing. Lord Sananda, I cannot thank you enough, words can't express the emotion and Love I feel from my Heart Centre. Jill, as always you deliver and never fail to amaze me with the accuracy of your readings, such an amazing Avatar, plus you have the gift of bringing a grown Man to tears every time our paths cross, lol. I am so pleased with this beautiful ball. My friend bought it for my husband who has Alzheimers he is 89 years old, I am 85. My husband used to get in a really uptight fretful state, but since he got this ball, he is so much calmer. He spends

ages just gazing at the colours, thank you so much, you have no idea how helpful this has been. He even takes it in the bath with him. I will be ordering another one soon because my friend's son is slightly autistic and he is quite taken with the ball too when he visits. Please tell Glenn he should show his balls to more to people, I am sure they would be impressed.

She has calmed down a lot and is now taking her meds which she had not taken for 6 weeks. This has in only three days made a difference to the energy in the house and to both of us. Thank you.

I have just begun to look at the information shared in this amazing reading. I had been asked previously to look into my other lives to help me and this reading was exactly what I needed to bring forth this focus. One of the aspects we all face along our journey is the integration of our many selves in the many life times and this helps to begin to understand how multidimensional we are and how each life is integrating with the other. I am thrilled. For us to begin to understand and integrate allows us to open up in each life to the gifts of spirit

we have in another and to also clear those issues which are hindering us. I am so thankful for this reading and highly recommend it. Each of the readings I have had with Jill have been of great benefit.

[Starseed Parallel Guidance](#)

Reviewer: **Timothy Ollerenshaw** from **Canterbury** ★★★★★

Testimony to Jill Harrison's Star seed Parallel Guidance The actual report that Jill had done was literally mind blowing. I had to read the report at least three times just for it to sink in and for me to comprehend the information. It was a bit of a shock to realise that we are actually multidimensional beings that are playing/acting in various roles in different timelines. [Living many existences at one time!] That these roles we are playing in are all going on simultaneously even though they are occurring in different timelines. In Jill's report it was brought to my attention that I was currently being overshadowed with energies from Orion and that karmic energies of Repression over my spiritual gifts were a repetitive re-incarnational theme for me. I feel that this is a very revealing aspect that has now been brought to my attention and reinforces that repression by both others and myself is a theme that I will be dealing with and will be addressed by me in my current life. Jill picked up that "abandonment" had also been an additional theme that is part of my re-incarnation too. This made sense, as I believe this explains why when I was young I struggled with issues around self worth, sadness and looking outside of myself for love etc It was interesting to note that I had an incarnation in Egypt and that this also left me to deal with feelings of abandonment. Although I have had a holiday in Egypt, I feel that I will need to go back on a spiritual journey sometime. A past life as a Zeta Reticuli came as a bit of a shock to me. I can remember doing a meditation once and I had a glimpse of what I thought was one of the greys but I guess it must have been the zetas. I have also seen this face in the clouds. (lol) Apparently the message they want to convey with me is that I have a habit of rejecting my emotions and pushing them deep inside of me. I feel they are spot on and thank you for pointing that out. Love you. Jill also pointed out that I had also had a Vegan role. Where martial arts and meditation were a theme. Interesting as martial arts is and has been an interest of mine in my current life. My vegan role asks that I awaken and remember that spiritual growth cannot be

attained without spiritual discipline. Again thank you for that message. I would also like to thank Jill for this life changing and inspiring information. Big love to you all. Xxx PS. I would recommend this reading to anyone. Trust me you will not be disappointed. Timothy.

[Lemurian Oversoul Crystal Attunement Reading](#)

Reviewer: **Becky Prante** from **USA** ★★★★★

I just finished the Lemurian Oversoul meditation which came as part of the Lemurian Oversoul Crystal Attunement Reading. This has been a very worthwhile reading, which touched upon the area in which my soul is expanding so that I can be aware in order to expand also. I was given suggested crystals which I could use to help in this process. Which was lovely to find the same crystals were etherically implanted during my meditation. The Lemurian guides were very helpful in making suggestions about areas of my life to investigate and where I should focus. Then comes the meditation. This meditation was deep. I was taken to the inner level needed to clear and activate my chakras with the implanting of crystals to help me in the process ahead. I feel clear and more able to focus. This is a very good reading and I love the fact that it also had the meditation. I will use both the information and meditation to keep the process moving forward. Thank you Lemurians and Jill.

Thank you Jill for this excellent Starseed Parallel Guidance reading, I love it! It

has helped me understand my Starseed history and multidimensional realities better. I was becoming more and more aware that I have parallel lives reason which is why I chose this channeled reading. It is amazing to know that I am having parallel lives in the past, present and future! (in human terms). This reading has revealed my multi-dimensional starseed roles in different existences/times that I am having now at this present moment, and how they are affecting my soul's growth and impacting my current life in the 20th century. I am now aware of my biggest blocks and will work on that. Your reading has confirmed my strong connections with some beings including the reptilians and the Arcturians, it has also confirmed my healing abilities and I will definitely work with the Arcturians to help me develop my skills and how to use them better. Dear Jill, thank you for sending me the "StarSeed Gateway Vibrational Code Reading." Your reading is really multi-dimensional, every time I go and read through your readings, I can feel different part of the readings soak into me and activate my energy field. It has been quite a while since I have decided to align my life to my soul purpose. And every now and then I receive a flash of inspiration, a piece of puzzle of whom I really am, but quite difficult to grasp the whole picture...this reading brought additional pieces in and put them all together!! After going through the reading and feeling fulfilled, I heard a voice within me from my Guides and Angels stating "Now you have accessed to these energies, you are asked to take another big step forward to live your soul purpose." and I said "I will. :)" Thank you Jill, for bringing so much love and light to all of us. Hello, Jill. I want to thank you for making this guided meditation available to all of us. It was my first experience to feel the essence of Arcturian, and it was so beautiful...I really felt I didn't want to come back from the meditation. To all of our starseed friends, I recommend this guided meditation even though you might not be from Arcturus...I can assure you that your aspect of past life memory as a starseed will be activated and give you more strength to align your life to soul purpose. Much love and light to all of us. :)

[Life & Relationship Coaching](#)

Reviewer: **Carol Lennard** from **Surrey, UK** ★★★★★

Thank you for opening my eyes to the reality of who I was and what I was doing. I had no idea how much I was sabotaging my marriage. I have left it some time before leaving feedback because I wanted to see if it was possible to let go and start again. My husband has noticed a change in the way I relate to him. Not only did your coaching help me understand my issues, you also made me realise my husband had issues he didn't even know he had. I followed your guidance step by step and our relationship is much calmer now. It was difficult at first to go back to my past, I had no idea how much it was harming my ability to live. You made me go deep, deeper than I thought I could but in doing that, something changed. I changed. I am now aware that so many of us are not taught how to love. You have taught me how to love. I am so grateful, because you gave me the tools to heal myself and now I am, without my husband realising it, helping him heal himself too. We laugh and discuss things more now. Like you said it is about creating that safe environment and with love, others will open up to you. Thank you, you have allowed me to take the helm of my relationship and steer it from stormy waters into calmer clearer waters. I couldn't have done this without you and dread to think where we would be had I not found this website. For anyone who is not sure, I would heartily recommend your services. Sometimes we worry about whether things will work, or how much something costs, the cost of a divorce would have been way more than the cost for my coaching with you. The cost of pain on my children, the financial implications and most important of all, the emotional pain for me and my husband. This would have merely added to our growing baggage, as you rightly pointed out. So from the bottom of my heart thank you. Even my husband is now thinking of coming to see you, he has seen how much I want our relationship to work. He has seen how much more understanding and loving I have become, so that is living proof that what you do, does work. xxxxxxxxx

Before the meditation the group were fully grounded and protected and guided up through the dimensions. I actually received a cuddle from the Angelic realm although not sure from whom exactly! Then as a group directing energy to earth was awesome... [Spiritual Council Channelled Reading](#)

Reviewer: **Kristi** from **Grand Forks, ND USA** ★★★★★

Purchased this reading on a whim, and didn't know what to expect. Upon first reading it, I was disappointed, as I purchased it with the hope there would be some feedback about a couple of blocks I've been struggling with. But the more I read it, I came to appreciate the wealth of detail that was within it, especially regarding meditation. Lessons were listed under each gateway, along with a bit of advice as to how to achieve mastery of said lessons. The personal highlight for me however, is that there were even personal meditations given to me by my spiritual council members. Meditation I know is a huge part of my soul's journey and it was wonderful to know what I am allowed to do meditation wise. It gave me a nice feeling that there were so many entities looking out for me. In short, it is what I needed, for whenever I decide to get things done. Would recommend. :)

When you know more about them including their names you can call on them and make a stronger connection, allowing them to work with you more easily. The help I need which was discussed in each area was very accurate and I look forward to working with my Angels and making the needed changes and growth. Thank you so much for this reading.

You lifted the weight of the world from my shoulders, I don't know how you did it, but you did and I am glad. Thank you so very much. I can't believe how fast this healing session worked. With Jill's help I was able to identify immediately the issue and with Jill's guidance, I was able to completely heal, clear and let this issue go, that I had been at war with for years. I can't believe how effective and simple it was. Jill thank you for all that you do, you give so much and you are the real deal. You have helped me feel complete, fulfilled, happy and all this was completed within the hour. I highly, HIGHLY recommend your session to everyone.

This session was an instant doorway into powerful manifestation. I experienced the most amazing vibrations during Jill's session. I felt instantly better. I had a relationship issue where my boyfriend wouldn't commit to our relationship and it was causing a strain on our relationship. After this session, within two weeks my boyfriend began to talk about marriage and plans for the future. He's never done that before. We've been together 4 years and he used to say, we don't need a piece of paper to prove our love. Now he has changed his mind and thinks we ought to solidify our relationship. I was so amazed and am blown away! Thank you Jill I'm really grateful I found you.

This was phenomenal. I had this session with Jill and within 3 days, my issue was gone. I had been struggling to find a job, no matter how many interviews I had, I never seemed to get beyond the second interview stage. I had this session on the Saturday, prior to an interview on Monday and on Wednesday morning I got a telephone call with the offer of the job. Not only that, the starting salary was less than I wanted and they offered me a higher rate because of my experience. Not only did I get the job, but other things have started to improve too, I have noticed a big change, the only way I can describe it is to say I feel lighter as though a load of weight has been lifted from my shoulders. Where as things used to get me down, I feel inwardly assured that something somewhere is guiding me and that everything will be alright. It is as though my fear is gone. Thank you so much. Even my friends are impressed and two of them have booked their session too. You have no idea the changes you have made in my life. I am so glad I met you, I dread to think what would be the case if I hadn't.

Another very accurate reading from Jill! I was very interested to see that The Arcturian Oracle recommends a vegan way of eating for me due to my sensitivities to earthly life as towards the end of last year my tastes began to change and I stopped eating meat and feel better for it and my intention for this year is to eventually change over to a vegan diet so I'm already on the right track! The rest of the reading is full of so much information that is relevant to your soul's purpose and focus, I have had to read it several times already and will continue to read it over the coming months to really digest all the information. Thank you Jill and The Arcturian Oracle for a beautiful, insightful reading. 10 out of 10!!

Reviewer: **Susan** from **Alaska USA** ★★★★★

Thank you Jill for my Pleiadian Emissaries of Light Reading it was truly amazing. It was like she handed me a manual on what I need to do fulfil my life purpose. All the information was very easy to understand. The challenges I face and how to overcome them was written in a way that I immediately could start making changes. I'm not going to be a crutch for anyone anymore and on Tuesday my daughter asked to borrow \$100 and for the first time in my life I said no and I'm pretty proud of myself. She needs to be responsible for herself she is 21. Mahu said I need to open my heart and I've been thinking that I will start visiting the elderly in our long term facility for starters. Today I stood in my strength and was assertive in asking my supervisor for something that I wanted. I'm being very active in following the advice that I have been given and I am going to say how I feel and not worry about being judged this will help me shift my energies more. There is so much value in this reading you won't be disappointed. We are very lucky to have a teacher with the ability to give us this type of information that can help us change our lives so we can live the best life ever.

My life that I have lived in two countries and that I left my mother alone in Japan has been difficult to understand not only for others but also for myself. I wonder often why I had to go on my life like that. But it must have been so. I came here 20 years ago (!!) as if I was pulled by magnet. I did not even have time to think, no choice... I had to leave there. I felt it so clearly. And, finally I will leave here and return to Japan. However, my status of mind that I am open to the world is very much different than my mind of 20 years ago. And I am grateful that I could experienced this great shift in my life. regards, Yoko

[Angelic Soul Progression Guidance](#)

Reviewer: **Susan K Beebe** from **Alaska USA** ★★★★★

Thank you so much for my Angelic Soul Progression Guidance reading, I have never seen anything quite like this before. This is a straight forward wake up call for me to change my ways, this information has set me up to be very aware of what lies ahead for me in the coming year and certain times I am to be more vigilant and careful not to make hasty decisions and what the results could be and the realm in which it would be in such as travel if I choose not to listen to this guidance- this wasn't scary I'm really grateful because now I know during this period there needs to be a well thought out plan and stick to the plan. Jill told me what I need to do so I can be responsible for myself and my finances. If

I want abundance to come to me I need to prove that I am financially responsible, I can't keep swooping in and saving my adult children. In November I am to travel and write, I wish I could just put the whole reading on here so you could see exactly what this reading is about- it's hard to explain. I have read this so many times and each time I am unveiling new information that I didn't see the time before. Thank you Jill for the heads up on 2017 I'm going to do my best to straighten up and do what needs to be done so I can reach my full potential. One thing Jill also said that I am entering a most fortuitous period but it will only come if.....well, last night the phone rang and when I answered there was a soft voice saying that my name was drawn at a local radio station and I was the winner of two roundtrip tickets on Alaska Airlines to anywhere they fly!!! Needless to say I didn't sleep much last night I was so excited lol.

You can't get a more detailed reading anywhere than this. The information supplied does take time to go through, I had 47 pages of amazing and eye-opening guidance and every part of the guidance given was so helpful to why I had the issues I had and how I could heal myself and clear the blockages. I have waited six months before posting a review because I wanted to give myself time to go through everything and see if the guidance worked. I have worked diligently with the information and most of my issues are now gone. I am a completely different person and my life has improved ten-fold. If you're prepared to follow the guidance and work on yourself this reading will give you the ability to heal your life, yourself and your soul.

[Kabbalah Soul Path Reading - Posted International](#)

Wow to say this reading is good is an understatement!! This reading was done for me a few years ago but I clearly wasn't ready to receive or understand at the time so only now am I revisiting and reviewing (sorry Jill!). The life events, issues and health problems listed are all so accurate, even down to when they began to manifest at certain periods in my life. I only really started to 'wake up' properly at the beginning of this year, 2016, and now I can really see the full benefit of this reading. My soul wanted me to follow a spiritual path a long time ago and I ignored it or didn't realise/never had the time, the reasons behind issues and certain health problems and how they manifested are as plain as day now because I know that it was because I was ignoring my souls true path. Now I'm waking up things are getting so much better! There is so much information in this reading it can seem a bit overwhelming at first but stick with it as it gives you such insight on so many levels. If you are ready and willing to

learn and accept your soul's lessons you will love this!

Now, I have let the past go, and I feel lighter, happier and only yesterday I said yes to a date, it's been so long since I felt this excited about my life and the prospects of moving forward I can't thank you enough, you are an Earth angel that's for sure. Thank you for my reading, it was so apt, down-to-earth and helpful. I particularly liked the fact that you didn't tell me what to do, but showed me the options of the situation and helped me realise the right answer for myself. You shone a light when all I could see was dark. I cannot convey how much this reading has meant to me, words do not seem enough.

Today we just finished module 12 of the Pleiadian Soul Healing Programme. This class was really great and it's hard to believe it's been a year already. I hadn't really heard much about the Pleiadians but curiosity and the drive to better myself compelled me to take these classes. I am very grateful to Jill for sharing her knowledge with all of us, she has taken those who are ready to a whole new level of consciousness and understanding. With this programme came a lot of attunements and teachings that have forever change my life. I embrace all Jill has to offer because I know that with her help I can move forward towards magnificence in leaps and bounds. Thank you, Susie

Reviewer: **Joe Marks** from **Hull, UK** ★★★★★

Just wanted to give you a big thumbs up for this meditation. My dog Jacob died a couple of months ago and things just haven't been the same since he went. The house is empty, I feel lost and someone gave me your meditation as a gift. Have to admit I don't go in for this kind of stuff but I missed Jacob so much I thought what the hell. So I sat down, turned on your CD and didn't expect to get one thing and then I could feel Jacob with me. I didn't see him, but I felt him, it was as though he was leant against my knee like he used to. I could swear I could feel his breath on my hand. You've turned a non-believer into someone with hope and belief. Now when I get a bit low, I put on your CD and it cheers me up no end. Jacobs passing is getting easier now, this has helped me a lot. My wife laughs at me now cos I talk to Jacob like he's still here, she thinks I'm daft but I know he is still here and you've done that, thank you

Hi Jill, I wanted to thank you so much for the opportunity to attend the Angelic Ray Healing (red) webinar. It seems like every webinar answers questions that I have been wondering about for a long time. We learned powerful invocations for Archangel Michael and Archangel Uriel that as soon as we repeated the amount of times required I could tell both Archangels were with us. You taught us how to help certain situations in the work place and to get others motivated and to remove negativity from our energy field and of course the main reason why people have a hard time making the connection to the angelic realm. Thanks again Jill I really appreciate you!!

[Archangel Ray Seraphim Healing.... Beyond Reiki - Angel Class](#)

Reviewer: **Gwen Gibson** from **Dublin, Ireland** ★★★★★

I didn't really know if I was a healer or not, but I loved reading and learning about angels and when I saw this class it made me wonder if I could benefit from it. When I was with people my hands would get really hot and I wouldn't know why. Other people would tell me I had lovely energies and I didn't really understand what they meant. On impulse I booked the class and it's been the best thing I have ever done. The class, the company, the teachings have all been out of this world. I can definitely now communicate with my angels, which I was hit and miss with before. I can heal, I didn't think I could but it was amazing the results I got even though I thought I was a novice. So should you give it a go, I would say if you've always felt pulled to try to help others and you love angels, go for it, you won't be disappointed. You're not rushed, it's fun and I made some nice new friends to boot, what more could you want?

Love this, I often carry this around with me at work, I work at a hospital and sometimes staff can get pretty stressed and negative, but with a few light sprays over my aura, this quickly lifts the energies and helps me to stay positive. Thankyou to Ascended Master Lord Melchizedek, Adonai lord of the akashic records and to Jill in channelling this past life reading. I have had a few readings off Jill and this surpasses one of the exceptional ones I have had. It makes very interesting reading and and is extremely thought provoking. My personality stares me right back in the face and I can certainly relate to the messages intended. It certainly confirms for me where I have gleaned my nursing and alternative healing abilities from, also where my stubborn, authoritative and independent behaviours arise, which have certainly mellowed with maturity, so my colleagues tell me. Reiteration of trusting my instincts is paramount I have found out previously when not listened. I certainly wouldn't hesitating in having the next instalment when its due.

I received a past life reading from Jill. As usual, I found my interactions with Jill very professional and her work consistently, conscientious. With past life readings, I think it's difficult to review past lives for obvious reasons. However, the qualities mentioned within each life totally resonated with me as a person and traits that I'm still working on within this lifetime. I was satisfied to have confirmed that I was an Egyptian in a former life. The name felt familiar and I felt like that I could 'almost', remember that life. I'll probably have to read it numerous times to allow, the information to sink in and makes sense of my current lifetime themes.

Congratulations Jill, you've done it again! Another life changing Webinar in less than 90 minutes. You manage to pack in so much useful material without ever

making anyone feel they are being rushed. The session opened with some general guidance on connecting to the Angelic Realm and what possible blocks may limit this connection. After which, we learnt about how to use a symbol and breathing techniques to set the intention of connecting with our Guardian Angel. Wherever in our bodies the connection was strongest, this would be our Soul Level Gateway in future contact. I was really impressed with how everyone on the Webinar seemed to establish a strong link with their Guardian Angels in a way and place, that was right for them. Jill then showed us how to use colour to release pain, with the assistance of our Guardian Angel. The final part looked at how to remove repeated patterns of lack and struggle from our daily lives. For me, the highlight of the Webinar was being given the chance to repeat exercises to check if connections and observations could still be achieved. I left the session without any doubts in my mind that I really had felt the presence of my Guardian Angel and thanks to Jill's help I now truly believe I can continue doing this for the rest of my life.

What I enjoyed the most about this webinar was the exercises we done, I felt truly connected with my Guardian Angel and even got the name of my angel given to me during the exercise which to me is astonishing as i had never ever heard that name before. I also found all the tips to help us connect very useful and informative. Soul Blueprint Reading - Soul Healing

Reviewer: **Timothy** from **Hawkinge. Kent.** ★★★★★

Jill provided me with a very useful blue soul print reading. Some of the points she made in the reading were very relevant and made me think about which direction i needed to go for my highest good. It was good that the reading gave me the good and the bad of my character, that is to say the things that i needed to work on. For example, she said that i needed to stop doubting myself. Which if i am honest with has been a problem of mine. She also pointed out that i tended to emulate other people rather than be my true self. Again something that was

also true. These challenges I acknowledge as a lesson I needed to learn and am now in a position to put these behind me and deal with it. Jill always makes you feel at ease and is tactful in putting things that need to be addressed in a gentle way. I now have a roadmap of the life items I need to address and an understanding of my challenges in life. I cannot thank you enough Jill for this reading and can thoroughly recommend the blue print soul reading to anyone that wants to help with direction and guidance in their life. Big Love to you Jill.

I am looking for a place to move to so I can be around spiritually minded people- that would benefit me greatly. I was made aware of Karmic wounding that has been laying dormant and this reading has given me guidance on what actions to take to be able to heal on a deeper level. I almost fell out of my chair when I read what my hidden talent was, I am very open to exploring the wide array of options available to me. P.S. Because of the information that Jill provided me I was able to overcome obstacles that were holding me back in my spiritual development. Compassion was a big one, I always thought I was very compassionate but it was brought to my attention that I wasn't being compassionate toward myself which never even crossed my mind. I have learned to embrace compassion through self-nurture, self-praise and self-love. Each one of our council members are here to help us learn and grow, this reading allows us the luxury of knowing who to call on with each of the issues we need to work on. Another wonderful part is that I know what my Guardian Angels names are and I can call on the personally instead of "Guardian Angels can you please come to me". Each reading I get from Jill is helping me embrace and work on issues so I can have the most fulfilling life that I was meant to have.

This is a helpful reading for a long term scenario. I would not necessarily recommend this reading if you want immediate understanding of your situation. It will provide that to you, but it will also give you a lot of information that takes awhile to integrate. For instance, it gives you symbols to meditate upon and deep concepts that take years to fully integrate. It's a great reading to have in conjunction with a more personal one.

This reading helped me to not feel so self-critical. It put my critical nature into perspective and helped me to respect and love the parts of me that are unique - but I just never perceived them as being unique. This was a very positive reading for me (both from looking at what I have to improve and being gentle about it), and it makes me want to hug this Ascended Master Lord Kuthumi. Much gratitude.

Karma Psychic Reading

Reviewer: **Brendan Hill** from **USA** ★★★★★

I'm always amazed by Jill's readings! I seriously feel like the angels are speaking directly to me - without question. It's almost like I'm thinking the same thoughts at the same time as I read them. For instance, I already knew that I lack stability because my mind is all over the place - but what I didn't know was that there is another way to be conscious. I learned from this reading that it's possible to live my life from my soul perspective, and not from my mind.

Jill's readings never cease to amaze me. However, I felt this reading had almost too much information. It contained meditations tips, stones to assist my energies, gateways I'm working with, and guardian angels. The guardian angel names feel so amazing when I say their names. I get goosebumps just thinking about their names. It's really incredible. Really.

Heart-breakingly true.... Typing that just now brought tears to my eyes... Before we can move forward, we must face the truth of how we are. This reading helped me to discover a part of myself I never knew I had - only to reveal that is the soul part of what is holding me back. This reading helped me to listen to the voice inside my head that would tell me "People should not be expressing their authentic truth". This painful truth of my sub-conscious made me discover where that voice was really coming from, and it has allowed me to heal that part of my past. It has made me more aware of how negatively I treat myself sometimes which to me is so great because being aware of the problem is the first step towards solving it.

I have tried a number of astral travel meditations and this particular meditation for me has given me the most success. Whilst you will not necessarily get an instant out of body experience, with a regular use of this meditation I was able to learn to project myself and now after 6 months I can do this at will, without the meditation. Initially the meditation helped me learn the process, then I realised I was astrally travelling whilst in my sleep without me having to do anything. That was most interesting because I was always taken where there was something I needed to know or learn. Now I have got used to the process, I can recognise the state I need to get to, in order to astrally travel. Try this, it is very good, but be willing to study it and master it, because if you do, it is well worth it.

I appreciate and have found benefit from all the work of Jill and other reading I have received through her. This reading I will say is the best reading I have had in my life so far. This reading focuses upon where I am and what I need to do to reach Higher Dimensional consciousness and the goals I have set in this life and before embodying. I didn't need to ask questions or give any background information, the oracle brought through exact truth. It wasn't sugar coated, nor harsh, the truth is given in a loving, informative and supportive way. It covered many aspects of life, physical, mental, emotional, work, relationship and how to bring all into balance to move forward into higher consciousness being and living. I HIGHLY recommend this reading. I have only read it once, and I look forward to really spending time with the abundance of wisdom it contains.

Thank you Glenn for this book, really opened my eyes up about what TRUE healthy eating is. I recommend this book to anyone, not just the sick or dying (I'm 25), as it explains very simply how most of what we consume today is unhealthy and unnatural.

Love and Joy - John UK - Listening to the webinar meditation with Archangel Sandalphon, I felt others may like to know of my experiences. I felt blessed when Mother Mary and Archangel Sandalphon presented themselves in a humble manner. We were offered experiences for example, where did we feel our strength/energies came into our bodies, I felt it in both hands this in turn connected with earth energies. Jill told us to tap into this power whenever necessary. To recognise that our trust in God, Spirit, People and ourselves is the Heart energy of self. And, knowing that we are the source of infinite possibilities. Both Mother Mary and Archangel Sandalphon offered to help us with any of our problems, they wished to be of service.

Expanding the third eye Webinar- This was my first webinar and I was so excited as I follow Jill and Glens teachings daily since my spiritual awakening started six months ago through loss. The knowledge Jill shared is invaluable in opening and developing your third eye, closing down, the exercises were all in a gentle way so as we can develop individually in the best way for each of us. The tools you gave me personally were learning our own frequency and how to do it, how to use this to develop and all in a way that I feel is important , not to rush the process or try too hard, to allow things to happen naturally and not force things- also not to analyse (this is what I have been working on as I see a lot but block it by analysing !) The exercises easily began to open my third eye and the tips to start lower then work upwards really help to avoid strain, I loved the advice on what crystals to work with too as feel very drawn to them. Onto the Meditation , wow ! This was so powerful for me and the others on the webinar im sure. I have done the free meditations you offer online and can honestly say my energy frequency raises though the roof with your meditations ! I loved it, it was a beautiful experience, spirit presence is very strong around me and during

this attunement meditation my crown chakra opened and just a second before you said it, I felt the band around my head and on top, I felt my throat chakra, ears and everything you said was happening in a gentle loving way. I remember listening to your voice and feeling the spirit presence so strongly, I felt such a connection to all that is and was smiling and whispered thank you ... and this is a massive Thank you to you Jill.

I just did the 3rd Eye webinar and wow, she explained so much. I had begun to start seeing silhouettes around people and faces around peoples auras and she explained that. EXPANDING THE THIRD EYE - WEBINAR Hello Jill I have to say that I am the wealthier in knowledge than somefolk in the group due to the lengthy Third Eye meditation that I and many others attended. For the most part it was exercises dealing with third eye opening, blockages, stimulating exercises and how to attune ones own third eye. Using illusion images is a great way of stimulating this chakra. I used to look at spiritual guides pictures to see if any of us could see the eyes or the lips move. When it came to you playing the piano keyboard - it was the middle C that resonated with my OM. Then we had to the sound MAY which I resonated to at the note G. Again, I used to start meditations using OM with and without the Buddhist monks. The mirror to gaze at oneself is new to me will try that exercise soon. The trick is to gaze without blinking whilst staring at the space between the eyes (third eye) for 1 or 2 minutes building up to as many minutes that you feel comfortable with. The results could be seeing images on the mirror, without fear, you may see your shadow self. Lastly, an exercise using crystals which could offer the vision of colours and/or shapes. These exercises are not games but tools to open doorways to enhance your telepathic mode of operation. There is much more to experience and playback - this is homework for me. Our lessons don't stop at a webinar but as many times you feel you need to assimilate these teachings from the recordings. This is a real world educator, interaction not simply reading but feeling the many energies that will course through your chakras; it is healthiness without medication as a

bonus! My thanks to the Archangels and Jill.

Hello Jill Archangel Raziel meditation was by far the most indepth instruction for self development I have had from you, many thanks. Cause and effect, we are the cause of our body so we must always love it by saying so. Feed ourselves in a balanced manner. Thoughts are a very powerful energy in the Universe, negative thinking created by anger, frustration, etc. will cause much anxiety this in turn will have consequences on the mind and body. Subconscious mind stores a lot. We were told to train our thoughts, learn to allow only what you want into your brain. Learn to still the mind and learn to sit still on a chair without fidgeting for 5 minutes then progress slowly to perhaps 30 minutes. When we are still, consciousness shifts to the Universal consciousness, just by being still. Focus your thoughts to construct ideas that are loving, the Universe will return it to you. Be in alignment for your own health always. I now feel more confident that I can carry out my spiritual tasks in the public domain. This Webinar influenced my thinking to react more positively thus creating a more positive effect. Do not allow other peoples thoughts to intrude into yours, stay in your positive zone. During the meditation I visualised the Elf called Saelon open

the gate and then the oak door to the Hall. Walked down a long crystal surface corridor at the far end was a font imbedded with crystals of all shapes and sizes on the top edge. It held a gold bowl filled with cool water and cup. We were told to drink as much as was needed to feel refreshed. From this point to the end of the meditation people present experienced similar also some very different happenings. We were told to request what we we would wish for (not money). I had no wish for material items so I opted for more opportunities to learn to advance my physical and spiritual awareness for healing and counselling. Simply learn to discipline ones emotional state also love all animals, mankind and the planet Earth. Love is a spark to ignite action.

[Year Ahead - 12 Month Forecast](#)

Reviewer: **Kelly S.** from **USA** ★★★★★

I filed for a dissolution of marriage this year. My husband's retirement account was \$20,000 when we got married and was \$230,000 when we separated. To keep the peace I decided to let him keep the retirement and in exchange I would get a piece of property valued at \$75,000 he was to pay off the debt. We were sitting in court and I kept thinking about this reading and how it said that soon I would be receiving money from something that has to do with time or a time investment. I thought if I go along with this agreement the time investment won't happen, so I spoke up and stopped the dissolution. The judge ended up awarding me half of the retirement plus \$30,000 plus he has to pay off the debt. If I hadn't followed the guidance in this reading I would have gave up over \$55,000. This reading was very valuable in helping me to navigate through the year, I had a very rough time but I kept the faith and put my nose to the

grindstone and now everything is working out for me. The month of August it said that things will break, snag, fall apart and on the 28th some of the valve springs broke in my car that cost \$1,000. I could go on and on. I realise that some things that didn't happen were because of the free will of someone else. I highly recommend this reading so you know when to take action and to not be totally caught off guard when something does come up.

Accessing Sirian Starseed Gateway Another fantastic webinar, as soon as Jill called in our Sirian Guides I felt tingling all over my head and upper body and I started crying uncontrollably, tears were rolling down my face and even my bottom lip was quivering this was only the second time in my whole life that I have cried that hard before. I knew that I was surrounded by my fellow Sirians and it felt like I was with loved ones that I hadn't seen in a very long time. It was very comforting to be reunited and I am so thankful that Jill provides us with a download so that I can experience this again.

Best reading I've ever had! I had my reading done almost 2 months ago, but I waited until now to write about it so I could integrate more of it. I've listened to the reading countless times because it resonates so deeply. In fact, 2 months later I still think about the reading every day I wake up. It is such a core part of who I am that I take it with me everywhere I go. This was my 4th reading with Jill. Every reading has been so helpful. They truly guide my life path. Thank you so much. Much love, Brendan

AMAZING - So much detail, I didn't expect to have personal meditation guides to my spiritual council. This was a very informative reading and not just some scrap of paper with a few words on it. With guidance to crystals, oils, to help me connect with each archangel, ascended master AND detailing the lessons I am working on in each section of my soul's journey. WOW.. simply can't describe how brilliant this reading is. I have been searching for a reading like this for years, and if I had added up every dime I had spent on readings in the past, they stand in the shade by comparison to what you have delivered to me today. God Bless you Jill

Starseed Gateway Orion Attunement I really loved this webinar, although I am Arcturian there were some Orion tendencies that I noticed within me. Jill was talking about farms and all the greenery there and I remembered the other night I had a vision that I was pushing a wheelbarrow of some type overflowing with vegetables. From now on I am going to listen to and act on my own desires instead of doing what everyone wants me to do and in turn I believe that this will attract more joy and abundance to me. I had to laugh when someone said something about getting guidance and Jill said jokingly "was the guidance to come and see me?" I looked down at my notes that I had written during the meditation it said.....Go see Jill.

I love that not only do you get the name of the one who resonates so strongly with you and is there to help you, but also you get a gentle reminder of the things that your soul desires you to work on in this lifetime - it is a real joy to recognise that you have been on the right path - or just as much of a joy to know what still needs to be worked on. I highly recommend this reading.

It's 10 days since my soul retrieval - what a change! I feel awake again, grown up again and not afraid of the future. The shrinking violet has gone and I feel confident to have my say - if I feel I want to. It's not made me pushy and brash just more confident in myself and I my intuition - I feel more at peace with myself and who I am. Jill said give it a fortnight and to cry as and when I felt the need - most of that was done on the day prior to the retrieval - but the releases since have been short and empowering. I cannot recommend it too highly and having a recording to keep is brilliant - thanks Jill.

I like to use the words - level or degrees, when listening to my thoughts and your words. I can see where lies the Orion tendencies somewhat close to my Kabbalah Tree of Life reading. I visualised farming land and a woman and children. The woman's face is one I recently saw when I awakened from sleep state. I saw inside a part of my house had a smithy workshop. This view was followed by seeing the scenario of people hurrying away from where I stood. I then saw myself with a few people and my family turned to leave this area. As was said that Orion was under attack and we all were seeking shelter. In this lifetime when in early teens I was taught to make basic metal items that could be used in the home, Looking back I felt an affinity in handling forged metal! For me, this meditation was telling me not to hide my light? You gave me a Starseed Sigil reading saying I was from Arcturus. In this lifetime I came as a natural healer, passed the test with NFSH. I was taught to use herbs and allied healing

methods from the Arcturians. Currently, for me I am a mixture of Orion and Arcturian which I now fully accept. These Webinars that Jill organises offer us the opportunity to understand more fully ourselves. Each is a jigsaw piece or a mosaic tile that creates a picture from past lives, we must learn to understand all that is given. Many thanks, Jill John

Today I received my relationship reading, from Jill, with specific guidance from Archangel Chamuel, all that was brought forward was accurate, most things I had an inner knowing about, but was unable to express in words, other information was hidden, until now. I can move forward in a confident manner rectifying my innate behaviors that trigger my partner and I am now aware of his insecurities to provide support when needed and enable us to communicate on a higher level. If you are truly looking for answers and guidance for your special relationship and desire the most out of that learning experience from a very gifted lady, then give yourself the gift of the relationship reading. I have been drawn to Archangel Gabriel since I was little and finally I actually felt what I could only describe was an angelic presence. The energy was very profound and moving, it is something that will stay with me for the rest of my life. I very much doubted that after my attunement that I would be able to replicate the experience, but following your guidance from the video of my session I had a similar experience, only this time is was even stronger. You were right, the more I did this, the more I would find it easier to connect with Gabriel. Thank you so much for helping me. Finally I have found a teacher who

[Soul Blueprint Reading - Soul Healing](#)

Reviewer: **Eddie Hogan** from **Ireland** ★★★★★

The Blue Soul Print reading which I got from Jill was a real eye opener for me. The amount of work which Jill has put into this is incredible. It covered so much in each area of my Physical and Spiritual life that I needed to listen to the recording again to take it all in. Even at that, I know I will listen to it many more times to let everything sink in. Some items stuck with me from the beginning and I've started to work on these and other parts I'd actually forgotten already so the recording which Jill sends after the reading is useful. Everything Jill says makes absolute sense. It helps to piece together all aspects of my life, both

physical and spiritual and start the process of creating balance between the two. There are many things in my life which I have buried deep inside of me and these were put out there so to speak. This was a real wake up call for me. I know it's time to heal these old buried parts of me and what better way to be reminded of these than through this Blue Soul Print reading. It wasn't always easy to listen to some aspects of it but I needed to hear it. By addressing the many things that were covered in the Blue Soul Print reading, this will help me move forward in my life and as Jill puts it, start living my dream and not someone else's. I highly recommend getting a Blue Soul Print reading if you need that extra push to move on with every area of your life. I have already started to implement some of the advice I got, and I am so much more at peace now with my life than before. I'm still challenged by life of course, but I feel so much more hope now in what I can achieve if I really put my mind to it. Thanks so much Jill for this wonderful reading.

It took me some time to pluck up the courage to book this but Jill put me at ease straight away. Jill listened and put together sessions that fitted in with my heavy schedule which was helpful. Each session helped me become a more stronger and confident person, it finally has enabled me to say what I feel instead of holding back. It has really changed my life. The cost of this coaching seemed expensive but I was so tired of not being the person I knew I could be. I read books but it didn't help. This method did and I feel at last I can say I am, for the first time in my life comfortable with who I am. I am no longer afraid and I also

understand how to let go of the past programming that I wasn't good enough. If you want results and you are willing to do the work, this really does work. Jill is so easy to work with and so supportive it is like getting help from a friend. I looked forward to our sessions and now feel kind of sad that they are over, but with Jill's help I also now have a better social circle of TRUE friends and that is something money just can't buy.

Reviewer: **Helen Martin** from **Sheffield** ★★★★★

I have just come back from attending this workshop and I felt I wanted to share my experience. The day was aimed at giving a taste of various aspects of the psychic development and it achieved this and more. The day was packed full of stimulating learning and practice. The learning was straightforward and easy to understand. We were not over loaded with material and information which gave the opportunity to understand each process clearly and then to practice with other students. I found that the supportive and encouraging environment created a safe place to put into practice each step learnt. I feel like I have gained so much from this class. I came away with more confidence in my skills and a better understanding of how to practice and grow my skills at home. I also learnt about myself and from working with other students I was given the opportunity to look at where to go next. Thank you Jill for yet another wonderful workshop.

Reviewer: **John Fowler** from **Gloucester, UK** ★★★★★

What a wonderfully enlightening reading/video presented to me by Jill via Metatron. This blue soul print to my mind, is the pinnacle of all my spiritual readings also pictures with recordings. Lord Metatron presented true and caring messages that are aimed at me to tread a narrower pathway and staying focused on the removal of the negative ego that I have persistently sidestepped in a particular concept. I wished to illustrate the veracity of such a reading. I was told of the many lifetimes to reach my pinnacle only to fall, hence it is a harder road to travel all over again. Currently, the fog that once shrouded me is now simply a mist. We all have negative ego which is used on a daily basis, it isn't a

criticism but a fact. Human beings don't like to admit to the negative side of themselves, I have done so to illustrate the veracity of such a reading. Angelic readings are always meant to be constructive not critical of ourselves. I can only hope that by using myself as an example it will be productive for the reader. I do use my positive ego in my endeavours, helped by Metatron and Michael what more could I ask for? This reading is a wonderful tool. Love and Joy, John.

Hi Jill, Letting you know the Psychic Development opened up my 3rd eye and instilled more confidence in my abilities. I chose the sky photo "f" which you & others saw a dog with glasses in the clouds. I just learned my good friend's dog passed the day before. Goldie was 13 and was holding on for her owner. I felt confident in telling her Goldie is in heaven and all is okay. Thank you Jill for all you do for me and others on their paths to knowing their authentic selves. Sending Peace & Blessings,

Within seconds my hand chakras began to tingle and I could feel my energies beginning to change. I was amazed, I could really sense a warming presence near me. This lotion helped me sense and connect with my guardian angel. I received a lot of healing in that one session. I now use my lotion every day. I dab a bit onto my wrists and when I feel a bit insecure, just sniffing my wrists helps me to feel the presence of my guardian angel. This really is a lovely product.

I was reluctant to have this reading because of the price, but I needed to know the truth and I want to thank you for helping me recognise I've really just been wasting my time. I suppose I knew deep down the relationship wasn't working and the information you have provided is very in-depth and accurate. This reading has helped me to finally acknowledge to myself that whilst I 'love' my husband, I am not 'in-love' with him. I know you said we could save our

relationship but now I'm ready to work on me and I thank you for that, otherwise it would have been another 7, maybe 20 years wasted. You have helped me see why I fail at relationships and what to do, to heal, so that's what I'm going to do, go heal myself. Worth every penny.

I have spent a fortune in readings and therapists over the past year trying to get specific information about why my relationship was going sour and no one could shed any light on it until I found you. Whilst the truth doesn't make for easy reading, it woke me up to how I was sabotaging my relationship and what I needed to do to turn it around. Whilst I still have some issues because I can't change my husband, I can say they have improved tremendously. Shedding light on how my husband felt about what I did and said was an eye-opener. I never even considered my actions would cause him to be insecure. So it seems we were both being insecure and instead of opening up, we hid it, well we've made steps and we've rediscovered each other once more. Thank you so very much.

What a fantastic reading! I'm so excited- with the help of Jill things are unfolding rapidly for me. I had never heard of a Starseed until I found this website and I didn't think I was one until recently- what one thinks is not always as they are, that's for sure. There is so much information, my Origin Gateway: Arcturian (Sirian-Seeded) and my Archangel Gateway: Archangel Sandalphon was what I came through to get to planet Earth, how my life was on Arcturus, why I came to Earth and what my mission on Earth is. You are given inter-dimensional guidance, information from higher dimensions and Star Knowledge that your Higher Self wants you to know. Please purchase your Sigil with this reading, I

have actually seen some of these symbols before but had absolutely no idea what they were or if I just had a piece of fuzz or floaters in my eye. Jill offers ideas on how to use it to create a shift in your mental and emotional state. Laying in bed a few weeks ago I was seeing writings on rock walls and realized that they were hieroglyphics and in this reading I was told that it is important that I recall my knowledge that I learned in Egypt. Everything is coming together for me and I feel relieved. Every day I am grateful that I found Jill.

Hey! My name is James and I had the pleasure of getting a Metatronic Soul Blueprint Reading with Jill Harrison. During this session, I learned many invaluable things about myself in regards to my physical, emotional and spiritual bodies. Jill shared loads of information about how my past lives play a role in my current incarnation, as well as how to work on the lessons that I need to learn in order to evolve. I was also given clear insight on my spiritual gifts and my life purpose, and how to effectively sharpen my skills in order to achieve my life goals. All the information that she shared with me helped confirm my initial feelings about my life purpose, helped boost my confidence in myself as a powerful creative being, and helped me learn more things about myself that I otherwise would not have known had it not been channeled. Jill is a wonderful channeler, and is a pleasure to work with. She is very friendly during the session, and you are able to ask questions if you need anything clarified. I had listened to many of her guided meditations and webinars prior to this session, so it was lovely to be able to speak directly with her. She is very thorough with

her reading and with the information that she brings forward with the help of Archangel Metatron. I would highly recommend this session or any of her other readings that pop-out to you. I hope you enjoy your experience, as much as I did! Thank you again, Jill! - James Jabbour

She said I had an Egyptian past life. I have been to Egypt around 9 times and love it there, my children have Egyptian names! She also motioned I was deeply drawn to medieval times which is totally true. I felt such a connection to these times I got married in a castle several years ago! She knew all about my childhood and my life now. She knew so much about I was knocked sideways. I could go on and on about how accurate my reading was and how much it has helped me. This reading has helped me shed light on what to do. There is a ton of information in this reading for those initiated into understanding of the higher self. It explained the cycles of life and how to navigate through it from a spiritual perspective. I received my sphere in a few days even though it was over a Bank holiday. I thought you might like to know of my experiences when I had my Reiki healing group here a few days later. Each person held the sphere during their treatment on the table and some very strange things happened. Some felt the sphere disappear under their hands (including me), others felt as if they were floating off the table, and others felt it go very hot. But our overriding experience, and which happened to all of us, was that whereas the colours are vibrant and deep normally, whilst we were having healing they went very pale and were in pastel shades. In one case there was no colour at all at the end but it returned as soon as the healing was finished. We had a discussion afterwards and the conclusion we all came to was that we were absorbing the vibrations of the colours into our bodies as part of the healing. We have been together as a group for many years and the healing we experience is always very powerful (we all feel very connected as of course we are) but this time we all said that the healing felt different. I have also noticed the colours change even though the sphere is completely still and not in sunlight. It is a wonderful product and I am so glad I bought it. Definitely one of my best purchases - ever.

Good morning, I wanted to tell you that I placed the Electro Magnetic Healing Sphere next to the TV so when my husband watches it, he would see the colors and for the first time ever he mentioned God during a conversation. I was always under the impression that he didn't believe in God, he also was talking about something that he forgot to do at work (a \$100,000 mistake) and he said that ignorance is no excuse. I have never heard him take responsibility for his actions before and his usual sarcasm is not so bad anymore. He didn't even get drunk during the time I was there, I would like to order another one eventually because we live in two separate towns, and him not even consciously looking at

the sphere is obviously changing something in him. I really love mine and I pack it back and forth between islands. My mom took over the copper and crystal ball that I bought so I will have to order another one of those she is 80 and has arthritis in the base of her skull, she thinks there is magic in the ball. Thank you for helping so many people.

When I speak the words flow out of my mouth and they actually make sense haha. I am empowered and I am a warrior. When I went to bed the other night a voice said "are you ready?" and I said "yes" even though I have no idea what I am ready for. Hi Jill, I was running late for work this morning and only had a chance to glance over the reading. Now that I'm back home for the evening and have had the chance to go over it more closely, I am really moved by how "spot on" the reading feels. Metatron has really spoken to me in a very deep way. This was an "extremely meaningful reading; Detailed and powerful; Very high level work here!". Your work is incredibly high level and eerily accurate. It is "compassionately candid" in that I heard what I needed to hear in a way that I could take in. The reading really has inspired me to move forward on some issues where I have felt very blocked. Thank you so much for sharing your gifts. It's a wonderful way for others to get to experience the very healing messages

and gifts that you have to offer. I would highly recommend you to anyone who is looking for true communication with the archangels/ascended masters. You genuinely have that gift! In closing, I wondered if I could pose a final quick question (I don't want to be inappropriate or take advantage of your time) and that is that I am drawn to ALL of the CDs . (I'm sure that means that, at some point, it would be helpful for me to do all of the meditations.) Based on my energies, the reading you did, which one would be best for me to do at this time? Clearly I have a lot of work to do on myself and I just don't know which area to start with first as all of the angelic CD's call to me!(If you don't feel guided to give me an answer to this, that's fine and I'll trust that as well.) Thanks, Jill. And, thanks again for such a meaningful reading. I will print it out and refer to it many times in the days to come. :) Juliet

Thank you (and Haniel) so very much for this gift. I've read your message over and over, and the more I read it, the more clear things become for me. Most of this message spoke directly to things that are happening in my life, things that I've noticed, things that I'm feeling. Some points have required a bit of reflection to figure out, and as you know, there are new opportunities that have yet to be revealed. Skeptics in my life have been telling me the things revealed in your reading are too vague, that the comments could apply to anyone. I disagree on both counts. Although the message wasn't specific in the sense that you said 'A man named Joe will call in the next month, and here's what you need to do to promote his business', it spoke so clearly to exactly where I am today... to the issues I've been struggling with, to the thoughts running around in my head, and even to things I've never discussed with anyone else. Has this helped me? Without a doubt. I am flooded with feelings of calm, confidence, power and optimism and each review of your message crystallizes the certainty that I am on the right path and that things will work out beautifully. What I've learned from you has made a dramatic difference in my life. I am so grateful that I met you... really. I've been telling anyone who will listen about what I've learned from you. If I have to nudge people along the path one person at a time, so be it. If there is anything I can do in return for you please let me know. From the bottom of my heart, thank you. Jenny

Hi Jill, I wanted to thank you for the TRULY fascinating reading and I just purchased two channeled Angel readings for my friends. I want to start by telling you, before I even opened your reading today, I had just done a meditation with Archangel Gabriel whom you had mentioned and he told me he would always assist me!! St. Germaine who I was not all that familiar with has been around me also and you mentioned him and I also clearly got the message you confirmed for me, that I am to do the spiritual work, all the way around and not waste my life!! It was an amazing confirmation. I was truly honored to get this detailed and incredible reading. I am very grateful that you used your gifts to help me. I will be letting my two friends know I got them gifts of readings from you. Many Thanks & Many April Blessings, Jacquie

Dear Jill, I really don't know what to say to you. I'm sat here at my computer, having just read my reading from you, and I'm totally and utterly speechless. I had read other people's comments regarding their readings and how accurate they were, but I never thought that mine would be the same. I'm simply amazed. My reading was so frighteningly perceptive. It has moved me and amazed me and delighted me in ways I can barely express. I think it will take some time for it all to sink in... I'm a little shell-shocked! :) I would like to thank you and your guides for the beautiful insight I received in my life today. You are truly gifted and I thank you for sharing that with us. I would have no hesitation in

recommending your readings to anyone. I look forward to enjoying another reading from you in the future. Again, I cannot express enough my thanks and gratitude for my reading. You have touched my life in a way I will always thank you for. With many many thanks, best wishes, and innumerable blessings,

Dear Jill, I would have to say this reading is about 99% right on the money! WOW, I am impressed! I am new to this “spiritual / reading/ channeling / angel” stuff – 6 months ago I would have said all this is crazy. But I am a believer after your two readings! What an amazing and eye-opening reading! It is sooo hard to see things as they are when you are stuck in the middle of them. And I embrace the personal insights that were offered. Even though Metatron says that the relationship could be fixed, honestly I don't think I have any desire to do that. The last paragraph is very to the point and it will help me make a decision that I have been agonizing over for a long time. Jill, thank you so much for your wonderful gift! Sincerely, Megan

Hi, Jill thank you very much for the wonderful angel reading you did for me. I think at some point people need to know the real truth behind certain situations. It was very helpful for me. I have always felt that I was taking in other peoples energies, because people drain me so much, and leave me with a strange mixture of feelings I can't quite understand. Archangel Chamuel gave me the answers I needed and brought me a lot of comfort as well. You have a very special gift where you can help people in this way. Also...Thank you for my recent reading!! These readings have meant so much to I me. My reading with Lord Kuthumi was so touching it made me cry. I especially loved the serenity prayer he adapted for me! I say it every night. I will love to have more readings done in the future. You have been a wonderful help to me.. Kelly

Hi Jill, Just to let you know that I received my reading from you and will give you some feedback. I decided to have a reading from you to attempt to clarify what I needed from life and live a life rather than drift through it. I was impressed with the advice regarding career options and as a result will not be looking for a regression therapy course as a way of earning my bread and butter. I will as suggested follow the idea of healing using touch, which is what I would deep down love to do, but felt I would not earn enough to make a living out of this. I just need to decide what options are open to me. My husband says the rest of the reading is spot on and exactly describes my nature and all my faults as well as the more positive attributes. As a result of the reading it has given me greater awareness of how I deal with others and myself and how negative the outcome can sometimes be. As a result I will now reflect upon my life and try to alter the things that no longer serve me and hopefully become more focussed and positive regarding life in general. Thanks for all your help and I look forward to the monthly psychic newsletter from you and your husband. Regards, Maria.

Jill, Thank you so much for the reading. I can't begin to tell you how much I needed what was shared at this time along my spiritual and life path. I am so thankful to Lord Melchizedek for the truth and candor and detail of the message and to you for being a clear channel of this message. This message is the most helpful I have ever received. At times being psychic myself the messages for

others are clear, but I tend to get in the way or worry that my personal desire will get in the way of what I am receiving for myself. So, I am thankful for this for I wanted some direct help and that is what I received. Thank you also for resending. That which you and Glenn are doing is of great service. Blessings, Becky Jill, mille grazie. Non sapevo che tu parlassi Italiano! Sono appena tornato da una breve vacanza dall'isola vulcanica di Ischia (hotsprings), vicino a Capri. E' proprio la' che ho letto il messaggio per me dell'Arcangelo Gabriele! Tra l'altro, un posto veramente consigliato per una vacanza, se ti capita di andare, ti consiglio Villa Maria <http://www.villamariasantangelo.it/spagnolo/index.php?lingua=es> I would like to thank you very much for your channelling. In his message, which I found enlightening in all aspects, Gabriel indicated that I am a channel and that I will have to call on him to get help on how to start making progress on the use of psychic channelling. I may get back in touch with you too if I need help, as I have never channelled anything until now, consciously at least. I trust I will figure out more about that soon, while I am meanwhile looking for a new job. Un caro saluto e a presto.

Wow Jill, Thank you, thank you, thank you, A million times thank you. This reading was the truth plain and simple. I immediately felt a connection, Archangel Arielle has spoken to me many times before, just whispering her name. And well honestly I had written it off for a while, because I tried to make contact and felt unsuccessful. So it was wonderful that she made contact through you. It was me, all of it, every last word. I feel so much warmth getting more confirmation of my path in life. This is information only the ascended beings would know. Thank you so much. I will bring others to you. Oh yes. I do have some questions. Archangel Arielle mentioned that I would chafe, under a spiritual guru. I have been wanting a guru, to help me learn. Is she saying that I shouldn't get one. Unless the definition of "chafe" has changed. Just as the reading said, I am currently having difficulty settling on a spiritual belief. There is so much out there, And honestly I have been attempting to assimilate it all as coming from "Source Energy" but I haven't found a truth that resonates with me yet. Because of this, development of my psychic gifts isn't going as I'd like it to. Wow there was so much there, I have to keep reading it over and over again. I want to trust my gifts, but I just don't feel ready yet, its all jumbled up inside of me. Please tell me how you came to grow in your gifts, to now give such a wonderfully connected reading so clearly.

Hi, I just wanted to say a big thank you for my reading. I was amazed at the information that came through. It helped me to really understand who I am and how some of my behaviour is stopping me from being promoted at work. I was also surprised that it showed me how I can cause issues in my relationship, which I hadn't realised before. My wife has already send an improvement, so thanks for that. So, for any of you guys out there, who needs to change their life for the better, I would really recommend this reading. I particularly liked the specific information that related to my life purpose, I didn't realise there were options for me to choose from, I thought there was only one. This reading has been the breakthrough I need, so I can now see, how to get to where I want to go. Thank you once again.

Hello everyone, When I bought, "Ask an Angel oracle card deck", on February 2013, I hadn't either met Jill and Glenn Harrison or discovered their different works/websites yet. As soon as I received the order, I started looking on the cards and the guidebook and asked myself some questions? Do I have to rely on the author's answers for each reading I am doing ? What will be my attitude if I read for someone else close to me.? Do I have to open thebooks give him the answers? After all these concerns, I put the deck in a small altar I started building for a few days. Two or three weeks after, I was driven to "Angelguidedmeditations.com"". I was really exited from myfirst looks. At this stage, there were no online classes yet. I kept contacting Jill about this issue while I started while I using other tools/products . On April 2013 I believe, when she posted her master class which was "How to read Angels cards master class", I was really devoted to take it. I have been waiting this opportunity for a while. Dear friends, I am telling you; this is a high level reading class; this is really a master class. Jill taught us all the techniques to get things well done. She learnt us to look for all the aspects on each card we have to draw for a reading. When I say 'aspects', that means: themes, colors, shapes, feelings/emotions of the Archangel on the card, his/her name. Dear friends, I am telling you; now, I am not relying on the authors answers for my readings. I use my

own intuition and the techniques given by Jill during this course. Dear friends, if you have even taken a reading class and want to master it, this class is yours. If not, if you are serious about your spiritual development, if you really want to communicate with the Angels for guidances, healings, and whatever you want, don't hesitate, book this class and you won't regret. Thank you very much for your time.! Peace and love, Joel Janvier, FL USA

I got my reading while I was at work. I was tempted to read it there but knew better that it would be best received at home while in the quiet comfort of my room. And I'm glad I DID wait, as I read through it I got all emotional and I cried. This. This explains so much. Everything from my tendency to put too much faith in those people I consider more knowledgeable, my lack of self-confidence, my intense fear of failure, and its result of giving my independence away over the years to those whom I perceive as more knowledgeable. I am still honestly processing the depth of information within..especially the parts about being a leader, demonstrator and a speaker of higher consciousness. It is a scary thought to be honest, and one I'm still coming to terms with. The reading really was amazing. Thank you for all the wonderful work you do, Jill!

I would like to say a huge thank you to Jill, on an unbelievable and enlightening reading which I can resonate with. Over the weekend, I had to read it several times before certain paragraphs started to sink in. This reading has given me a better understanding of my past and what my souls needs in the future, which will enable me to hopefully start making the correct choices with my spiritual development. Whilst going over the reading there were certain paragraphs that I needed to write down and try and interpret the understanding of the words the Oracle used. I sent an e-mail to Jill regarding my interpretations and as always she was very kind enough to reply with added comments, which I greatly appreciated. Thanks again Jill for a wonderful experience and the insights that you have given me to become a healer. You're a very special lady with a very gifted talent. Kindest Regards and Blessings Tony L

This book is a must if you are serious about changing your life. It requires discipline and commitment but boy do you see the benefits once you start to implement the guidance step by step, week by week. Trying to convert my family was the hardest step and then I stopped, I just sat and ate what I wanted. I also reduced my shopping products and bit by bit, my family would want to try stuff off my plate and before I knew it, my kids and hubby wanted to eat some too. Has it been easy... NO... has it been worth it? DEFINITELY YES. I am now 4 stone lighter, have more energy and my skin is positively glowing. I don't go

hungry, I don't miss the crappy food or the way it made me feel. So glad I found this book and watched the free webinar video, it was great guys. Thanks

I purchased one of these at jill's angel workshop weekend and it is fab. I use it to find any issues with my chakras etc and also to find any negativity hotspots when I am conducting healing work, it acts as a dowser also when I lose my keys! LOL <3

Hello everyone, The misuse or the imbalance of our energies can cause several health issues whether it is on the physical, emotional, and mental plane. But how can we know if the flux of energy circulating inside and around us is blocked or balanced? How can we detect what our chakras and our aura are telling us. This spiritual tool is the answer. I bought it a few months ago, and thanks to it, it helps me to focus on my root chakra that was blocked and my throat's one that was imbalanced. I encourage you to buy one like I did and you won't regret.

Worth the wait! It is a fantastic tool, I attuned it without much trouble at all, and thanks to it's power, I learned some surprising revelations about my chakras. I am currently keeping a diary as to which chakras are continuously problematic so that I may give them extra attention during Reiki. :) This is a valuable investment!

[Ethereic Cord Cleansing & Protection Enhancement with Archangel Michael](#)

Reviewer: **Laurel Hill** from **Los Angeles, US** ★★★★★

Since my divorce nothing seemed to go right for me. I was haunted at night by dreams of my ex but couldn't understand why since I was the one to end the relationship. I had no energy and everything that I touched seemed to go from bad to worse. I figured that I had nothing left to lose from trying something I would normally have judged as whacky, but I was so desperate I thought what the heck. Jill was very good, she put me at ease and despite not having really meditated before, she gently talked me through the process. I was amazed to feel a change in the room when she told me Archangel Michael was here. Part of me wondered if it was my imagination, but I could really feel the energy

flowing through my body, to the point where I was almost quivering. Then I physically felt an energy release when Archangel Michael cut the etheric cords which linked me to my ex-husband. I was amazed that I had etheric cords from former friends and this was affecting me too. I now not only feel better, I sleep better too. I waited a few months before writing this review because I wanted to ensure it just wasn't me being fanciful, but I have to say that since this session everything seems to be getting back on track. I also feel freer and lighter in myself. It has opened up for me a new journey where I am eager to learn more about angels. Thank you so much, should I ever have problems again, girl I will be coming back to you.

I didn't know what to expect but this attunement has made a real difference to my life. I felt stronger in myself, and over the coming days people seemed to treat me differently. I was able to have a greater vision of my life and what I wanted and now step-by-step with the help of Archangel Michael who now leaves me little white feathers everywhere, I am growing in confidence. Would thoroughly recommend this.

[Soul Blueprint Reading - Soul Healing](#)

Reviewer: **Susan** from **Alaska USA** ★★★★★

This was an excellent reading!!! I wish I had this information years ago, I am so happy I have it now. The third-dimensional karma was a huge surprise. I was totally unaware of the extent of dysfunctional energy that was absorbed from others to the extent of me not being able to function properly in certain areas. it made me develop mistrust in myself which lead to indecision. Jill gives you recommendations to follow in order to heal and she explains everything very well and makes sure that you understand, you can ask questions at anytime. This reading covers everything that she says it does and more. I can now focus on my healing and spiritual gifts and goals- I know what I am to work on now, Jill is absolutely hilarious, I laugh when I replay the recording. Jill handed me the equivalent of a bar of gold, this reading is a steal at this price and the information is priceless. Best Christmas present I ever bought myself. Thank you Jill and Metatron!

Having spent the last 15+ years trying to make sense of this thing called life and WHAT THE HELL I was supposed to be doing, I feel like I am now at peace with myself. EVERYTHING, and I mean EVERYTHING makes so much sense, why I am like I am. Why the people and the experiences I have had, were like they were. I feel like a blind man who can now see, a bit dramatic I know but that is how I feel. I particularly liked the private one hour session with you that took me through the reading. The opportunity to ask anything at the time I was hearing it,

meant I could glean so much more. Another plus was the recording you gave me too. The information on how to heal all aspects of my life will be my manual now. I have already made in-roads with some of the points and already I am seeing a difference. To show my appreciation I have just ordered a couple more of this reading for my manager and partner. Next time you're in LA, call me, we must do lunch.

We need more than 5 stars, this reading is worth at least a 10! What a challenge of how serious we are about growing spiritually to hear some of the things that come from Archangel Metatron in these readings. While I know none of us have been saints in our past lives it was a challenge to learn that I was a criminal on more than one occasion! It made me think about the experiences we have which help us grow as souls and what a great job each physical body we have does to help our soul growth in each incarnation. I tend to forget that I couldn't do any of it if I didn't have my body & I often overextend it in my search for more spiritual growth, to my detriment. These insights came from information from my reading with Archangel Metatron & are a tiny part of what happened for me. I fully agree with all the reviewers who have shared their experiences of this reading before me and I can't urge enough anyone searching to grow spiritually to have a Metatronic Blueprint reading, the information you will receive will be challenging but you will be so glad you did - it's solid gold.

[Soul Blueprint Reading - Soul Healing](#)

Reviewer: **Lynda Kershaw** from **Cambridge, UK** ★★★★★

Jill many thanks for my Soul Blueprint reading. When I first saw it I was intrigued as I thought I had had similar readings in the past, but this seemed to go deeper, I must admit I had to think long and hard about the cost, but I am so glad I asked for one - it is worth every penny! I have watched the recording quite a few times now which brings greater clarity to some areas and I pick up new aspects to work on every time, I suspect this will be the case for quite a while. Where the other reports have touched on similar issues you and Metatron get down straight to the bones of any problems and provide practical tools and solutions for overcoming them - like them or not they are given. I liked the aspect where my potential was revealed and the advice given to help me work towards achieving it should I wish to, without any suggestion of criticism should I choose to defer it to another lifetime - that suits my personality well, I will always try my best to achieve a goal if given a choice, but tell me I must and I set my mind against it. It had been suggested to me before that I had blocks from my childhood, these I always denied my parents were great. I was looking for their wilful shortcomings, Metatron suggested that it may be something in my

early childhood that I had no recollection of such as my Mum being unable to breastfeed me, that hit home Mum had had a cyst and had not been allowed to feed me, which she bitterly regretted. I never blamed my Mum, still don't, but I can now understand how her disappointment and loss may have been transferred to my psyche, being aware of this has also given me an awareness of other incidents which became imbedded which I can work on and clear too. As said it is a lot to digest, so insightful and detailed, to be able to go back and pick up new threads, take in the mantra as well as refresh and reinvigorate the energies by watching the recording is great. I cannot say everything was comfortable to hear and my tears flowed, but then often do when I contact you! I have moved on so much and been able to understand and clear so many aspects of my life - and my families. I still may not reach my full potential, but I will be a lot closer to it and I now have the tools and a greater understanding to try. Many thanks and worth every penny!

Excellent Course. Glenn is a very knowledgeable person, speaking from his own experiences and from what he has accumulated throughout his own personal problems. I would highly recommend anyone to attend this course, you will not be disappointed. Jill, and Ian both shared their cooking skills and knowledge throughout the weekend and provided some excellent sample meals to try. I came away from this course with the knowledge that if I carry on eating foods that were bad for me I would be going down not a very nice life path and end up dying sooner than I should be. It was amazing to see every student passing on specific information. There were people with no experience of Reiki even giving powerful healing that was evidenced by many. The easy-to-understand theoretical, content was also very deep and very meaningful. Meditation was also very deep, I was able to move up a psychic level. It was felt over four days. I also felt the aura of the Archangel during your teaching, it was overflowing love and compassion, it was neat. (YI Tokyo)

I am amazed at how simple and yet effective this meditation is. This meditation helped me on my journey of self-discovery. I had been going through a period where I was lonely and nothing seemed to feel right. The more I did this meditation, the more I was able to wake up to the realisation that I want to be more creative in my life. My career is clinical, boring, I realise I felt lonely because I felt my job was just a job, I wasn't able to feel it made a difference. I have since began to apply myself to being more creative and I am in the process of changing my career to one where I feel more fulfilled. Thank you xx

Hi All I thought I would write an up date on my progress after attending this wonderful workshop. I have now lost a stone in weight which is amazing for me. I have not felt hungry at all. I am experiencing more energy and I seem to be able function mentally better. I used to suffer with that bloated feeling but that has now gone too. On a lighter note, I went to the hairdressers and she couldn't believe how quickly my hair had grown, I had to have an inch and a half off after 5 weeks. I hope this is helpful for anyone who is thinking of attending this workshop.

Dear Jill thank you so much for creating and holding these webinars. It is great for someone like me who lives in Switzerland to be able to not have to travel far to be able to benefit fomr your wonderful work. The Horus webinar was amazing. The way you guide the meditation is just perfect: your voice is very soothing and you leave enough space so that we can really get deep into our own experiences. It was as if I was in the pyramid experiencing the lower chamber, the queen's chamber and the king's chamber. First I felt almost claustrophobic in the lower chamber and had to remind myself, that it was okay and that I could slowly go up higher and not feel so enclosed. The feeling changed into a sensation of almost being embrassed by the pyramid. Going higher and higher was like an adventure. To feel the blue light filling my third eye and my body was wonderful. I don't remember it all very clearly, but I know that something deep happened. I am very much looking forward to get the recording so that I can deepen this experience even further. Thank you so much for your work. I am looking forward to the next webinar and can highly recommend it to anyone who wants to further their spiritual experiences. Love and light Viviane

The Horus meditation offered me many energy experiences I haven't before witnessed. I saw a belt of energy beneath me head, my head was throbbing gently. During most of the time there was much heat in hands, arms and feet. Visualisation in the pyramid was truly wonderful to experience, e.g. climbing up the ladder from level to level was so very real. I picked up the tablet which showed a golden colour. Placing the tablet on the casket showed the Eye of Horus emitting a very strong light to my third eye. Walking along a narrow

corridor and seeing the flat roof was so real. Near the end of the meditation I experienced the 'coldness' returning and a sense of oneness. These gems can not be bought over the counter, they can be experienced with Jill's meditation low and even voice thus giving me a great memory. Many thanks John Fowler

Hi Jill! The Egyptian Activation Meditation was wonderful. I went so deep, I was in and out of consciousness all through it. At one point I saw a guide but didn't know who he was. After reading a testimonial sent to you from Mike Brennan, where he saw a Magi, I immediately recognized that that's what I saw as well. You are extremely gifted and have a loving, patient energy. Your voice and the way that you speak are supremely suited to lead guided meditations...I could listen to one of your meditations all day long. I recommend your meditations, webinars and classes to everyone who is interested in deepening their spiritual connection. Thank you so much for all that you do!

Jill: An insight I gained upon reflection on your Egyptian meditation session this week is that 10,000 years ago or so I was a Priest of the Magi, the forerunner of the Egyptian mystery school. This insight really explains a lot to me - why I am so attracted to Egyptian art, mythology and history; why I wear an Ankh. The session really resonated deep within my soul.

The whole body relaxation is wonderful, when I first get CDs I try to listen to them when I am alert so I will know what to expect before I meditate. It helps me be able to relax more and just go with it instead of thinking too much. Just like all meditations when you think too much sometimes nothing happens, that's ok just keep trying, this meditation will definitely get you there. My dad came through with his dog Lindy. I was able to have a short conversation with him, he talked about my mom. I would suggest getting a voice activated recorder so you can record information. My cat Meow Meow was actually rubbing on my leg, I picked her up and was able to hold and pet her, it was nice to look in her eyes again. I told her how much we loved and missed her. I haven't seen anything about what my future will be like in six months but I will keep at it. Great CD!

I know who I would fire, I have allowed this person derail me for almost seven years, but no more. Spending almost 30 years raising kids this is my time to play, (I want to play so bad it aches I think it is my soul crying out) and start living my life for me. I do have regrets when it comes to parenting but like you said it's what we knew at the time. This is my second time around with a certain type of man and I finally got it. (Guess I didn't learn the first time so I was given another one). People show you who they are and it is up to you to take your blinders off, see the red flags and save yourself years of unhappiness. I am going to start writing letters to myself and be my own cheerleader and ask for help removing the filters. I have experienced so much of what you talk about,

emotional and physical abuse, keeping my kids disempowered, being a vampire with my friends. Thank you Jill for sharing your stories so we don't feel like we are the only ones. Even though we are progressing, life is not fluff and bunnies all the time. There is a lot of humor and excellent information on this DVD. This is only the second time I have listened to this meditation. What I felt in my whole body was amazing. During the meditation I felt totally relaxed as if my body would not have moved even if I had wanted it to. As I looked at the earth from where I was, the sight took my breath away, the colour and clarity of what I felt and saw was so shape. This was before jills calming/ healing voice drew my attention to the earth. At one point the energy became very strong, entering my head like an oval circle, moving down my face and shoulders like a breeze and swiping down to my feet. The emotional point for me was as I watch from above the earth I became very aware of my connection with other light workers all over the world sending their light out, it was amazing to watch and amazing to feel that connection and energy in my body. I felt uplifted and excited. thank you.

This is such a great meditation! People have told me that I'm not in my body and I seem to have a hard time staying grounded, when I am trying to ground myself I can see my roots pulling back up to my feet and it takes me a long time to finally get them back down. With this meditation Mary wants you to extend your fingers and toes- this really allows you to feel locked in to the center of the earth. My external view of not having a stable home life was impart caused by me not being grounded. Since I started using this meditation I am not so much in the defensive mode with my husband, both him and other people are responding to me more positively.

[13 Lord Kuthumi - Unlimited Abundance Guided Meditation](#)

Reviewer: **Donna** from **New York, USA** ★★★★★

Dear Glenn: I just wanted to let you know about my progress with the Lord Kuthumi CD. I started in mid-January.....meditated about 4 times with it before I've recognized something very important. I usually drank a glass or two of wine every day.....so, you are talking about at least 10 glasses a week. In the past 19 days, I've had fewer than 2 glasses! It probably was an addiction, but I absolutely do not depend on it or crave it anymore. I think that is amazing. Then I realized that this CD releases anything that is hindering your progress or attachment to things. You should consider going to Alcoholics Anonymous, drug clinics and weight loss centers with this, if you haven't already. This CD will definitely

help those people addicted to liquor, food and drugs. I continue to do this CD at least three or four times a week. Also, (regarding attracting abundance) we usually end up paying the government a lot of money every year in taxes. We are getting something back this month from both federal and the states! A payment of excess wear and tear of \$350.00 on our leased car was waived, and we are getting another payment from the government in June. Things are definitely looking up, and it all happened so quickly. I do this with the Michael Protection, and I just started the Lady Nada and Michael Phobia release. I feel with all of these together, my possibilities are limitless. You are absolutely right, you change the way you think, replace the words that you say with a more positive outlook, and YOU CAN AND WILL CHANGE YOUR LIFE! Love and much thanks to you and Jill.....Donna

different time and as I listened to the gentle guidance, I moved effortlessly toward the chapel feeling supported and safe. I had also used the archangel soul spray to help my connection before the meditation, this beautiful perfume bonded with the guidance through the flowers, its scent uplifting and empowering. Seeing my name in the book in the chapel glittering in gold gave me a sense of purpose, and recognition that I am important and here for a reason, my soul is here to learn. Thank you for such a reassuring and powerful CD. Helen

It gives insight into how you behave and other's behave, how we can heal ourselves and become more positive to achieve what we need to achieve in life and move forward. Enjoyed Glenn talking about behavioural traits and jill talking about the power of thought and acknowledgement. It has been a really

interesting weekend and lovely to meet different people with the same goal in life.

[39 Archangel Raphael - Golden Light Healing CD](#)

Reviewer: **Zofia Jones** from **United Kingdom** ★★★★★

My intention with this meditation was to practise self healing more frequently (regular self healing is key - no matter how distracted a person is, sigh). So this CD helps me do that in nice controlled way with a series of colours and to close my energy properly afterwards. I'm not brilliant at closing down properly and generally ping around with energies that might come through. Jill's meditations do seem to bring a sense of protection for the more novice meditator.

This is the first Jill and Glenn meditation I came across. I liked it because it was simple (feeling a few colours of energy) and the focus on my body made it feel stronger when I was feeling very tired. The recording does seem to help you open up your crown more fully than I can sometimes manage myself.

This has been a life saver for me. I was struggling to grasp the tarot and any blocks I had, have been removed. I committed to reading for myself and family and now six months on, I read for people at work, family friends and many others too. I felt nervous about charging, but as you said, nothing given freely is valued. That spare bit of money has grown and I have now been asked to read at a local pub. Thank you so much I love doing readings and having the ability to consider this as another option for work is brilliant. Couldn't have done this without you, the advice you gave on setting up was particularly useful.

I would recommend all these books to anyone who is serious about living their truth. Not only do the books guide you to your inner truth, but they also help you understand behaviors of others, interactions in our physical world and they open your mind to the world of invisible that is with us at all times - guiding, protecting and ready to provide. Whether you have opened yourself up to spiritually already, or this is the beginning of your journey, I believe these books will shed so much light and understanding for you. I would recommend that everyone reads them all and goes back to particular trance-channeling when in need of specific guidance. These books are universal and hold amazing answers to the questions that mankind had been asking since the beginning of time, I believe :) So looking forward to book 8! May Love and Light Be Always With You, Blessings

[How To Read Angel Cards Master Class](#)

Reviewer: **Joel Janvier** from **USA FLorida** ★★★★★

Hello everyone, When I bought, "Ask an Angel oracle card deck", on February 2013, I hadn't either met Jill or Glenn Harrison, nor discovered their different works/websites. As soon as I received my order, I started looking on the cards and the guidebook and asked myself some questions? Do I have to rely on the author's answers for each reading I am doing? What will be my attitude if I read for someone else close to me? Do I have to open the books give them the answers? After all these concerns, I put the deck in a small altar I started building for a few days. Two or three weeks later, I was driven to 'Angelguidedmeditations.com'. I was really excited. At this stage, there were no online classes yet. I kept contacting Jill about this issue while I started using other tools/products . In April 2013 I believe, she posted her first online master class which was "How to read Angels cards", I was really devoted to take it. I had been waiting for this opportunity for a while. Two weeks before the class started, I received the manual relaying the course; I couldn't wait for the first session scheduled for May 21st, 2013. Dear friends, I am telling you; this is a high level reading class; this is really a master class. Jill taught us all the techniques to get things well done. She taught us to look for all the aspects on each card we have to draw on for a reading. When I say 'aspects', that means: themes, colors, shapes, feelings/emotions of the Archangel on the card, his/her name. Dear friends, I am telling you; now, I am not relying on the author's answers for my readings. I use my own intuition and the techniques given by Jill during this course. If you have even taken a reading class and wanted to master it, this class is yours. If not, if you are serious about your spiritual development, if you really want to communicate with the Angels for guidances, healings, and whatever else you want, don't hesitate, book this class and you won't regret it. Thank you very much for you time! Peace and love, Joel Janvier, FL USA

It was a real pleasure to attend this course. Thank you Jill for being so supportive and for putting the course across in a way that I was able to follow you and learn such a lot about how to read angel cards.

How To Read Angel Cards Master Class

Reviewer: **Jennifer** from **Australia** 

Jill is a veritable fountain of information about symbology contained in these beautiful cards and the format of the webinar makes it simple to understand as she shows each card and explains it in detail. I was doubtful that I would be able to intuitively access any information of my own but with Jill's help I have been surprised at what I have attained. I thoroughly recommend this course to anyone wishing to connect within, develop their intuition and help themselves and others as well.

13 Lord Kuthumi - Unlimited Abundance Guided Meditation MP3

Reviewer: **Frida** from **Sweden** ★★★★★

I really like this meditation and I think it's pretty powerful. It has a very accessible and evocative imagery (the ethereal chord that extends up to the green astral grid of abundance, the fact that Lord Kuthumi takes you by the hand – I love that!) that continue to do it's work in everyday life. I also very much enjoy the clear statement that you allow the Archangels to work on your vibration, it's very important with expressed permission.

[29 Mary Magdalene - Beach of Angels Healing Meditation MP3](#)

Reviewer: **Frida** from **Sweden** ★★★★★

This was my first angel guided meditation and I wanted something that would open my heart and help me release fear. Jill recommended this one to me. I really like the slow tempo, it gives me plenty of time to actually meditate and not just visualize. Jill's accent is a bit strange, I guess that's due to the fact that it is live channeling, and I fail to pick up/understand some of the words, but it's not a big issue. The surrounding noise from the live recording doesn't bother me, it's very minor. In this meditation you are asked to resolve issues with someone you have trouble communicating with. This caught me a bit by surprise and the first time I put myself in that spot, which worked well, and later on I have worked on other people. You also get to meet with your guardian angel and the part that I like the most is the passage where your spiritual guides merge with your heart energy, and they also enter through the crown of your head. I think this is very beneficial for opening the heart. I cried a lot the first time I did this one, towards the end, but only once and then no more crying. A couple of remarkable things have happened to me, for instance I've managed to stop binge eating chocolate, a compulsive habit that has plagued me for almost 18 months. I'm not saying it's due to this meditation, as everything is a process, but it did happen right after I did this meditation (and I've tried to stop before, believe me), so I think this meditation came at just the right moment, when everything was favourable for me to stop my destructive habit, and it sort of gave me the final push. I've also felt a bit "light headed" or dazed and have had a bit of a light headache for a couple of days (and I usually don't get headaches, maybe once a year, tops), so I definitely think something is happening to me. I don't think I would have benefited as much earlier on in my spiritual development, though, as I've never been very interested in angels, but a lot is happening to me right now and stumbling upon these angel guided meditations is accelerating what was already in motion

Archangel Therapy Healing Master Class

Reviewer: **Sylvia** from **Bath** ★★★★★

Finally my understanding of the angelic realm and being able to put my understanding together with profound spiritual experiences has happened. I had for so long been seeking experiences that would confirm I didn't just have an over-active imagination. From feeling healed, having my emotional issues removed, I can honestly say, at last I am beginning to know who I am and my role in the world. I often would swing from there is something greater than us, to saying you are just born, and then you die. I am to joyous to know there is something far greater than what we just see. I came away with practical knowledge which I can apply to my every day life and still the miracles continue. Having Archangel Raphael in my life and feeling the angelic presence on a daily basis has given me the impetus to truly begin to live. This really is a life-changing class.

The most useful part was putting our own interpretation onto the card and

I am now always consciously aware and do this meditation when I know i am showing symptoms I saw a big difference when I did this as I tend to live with my head in the clouds so it brings me back to earth and also I am an emotional eater so it is great for that also , highly recommended.

[43 Lord El Morya - Emotional Healing for Good Health and Well Being MP3](#)

Reviewer: **Theresa Sheldon** from **Toronto, Canada** ★★★★★

This work was truly the most difficult, truly wrenching I have ever done on the Spiritual Path. Ascension requires all blockages, patterns of self-hate be cleared. What I found in my own subconscious amazed me as I began to examine layers of hurt, of sabotage, of wounds from way back, all the way back to the womb where my mother did not want a pregnancy, as she was not ready for this huge undertaking. Personally I find the birth process barbaric on this planet, so, so many children are not wanted and come in with unconscious parents, then a lifetime is spent trying to understand and clear abuse patterns. I hope I pick more favourable childhood circumstances if I really must return here. I believe that healing all wounds is a pre-requisite to ascension, for how could it be otherwise? The soul must achieve balance, as the Master Jesus said "Let the eye be single"--i.e. let all be in alignment!! but it is so so difficult to revisit wounds but I don't know of any other easy way, just this full moon (yesterday) my understanding deepened and I just knew how very alone my mother felt when she was pregnant, and this incredible deep loneliness was imprinted somehow into my neurological pattern. Thank you so much for your attention.

[38 Archangel Michael - Galactic Light Angel Alignment CD](#)

Reviewer: **Sue Harrison** from **Blackburn** ★★★★★

This CD is worth persevering with as the energies you feel are amazing and just as powerful each time you do it. When I say persevere I mean I struggled a little on the first go to work out where the spheres should go because I am not that good with shapes etc, but I was not disappointed . The meditation is very deep and it is clear with the message at the end that Archangel Michael as always, has our best interests at heart and that it is our duty to use whatever tools he brings. This CD gave me encouragement, strength and fortitude in these uncertain times

This CD has a lot of content in a short space of time. After accepting the flame into your heart you are taken on a journey under water by a dolphin to the crystal cavern. The light beings you meet in the crystal cavern are so beautiful and the seaweed wrap (legs and knees) is so relaxing. You are also given some shells to hold and they offer messages and comfort. It took only a day for him to accept the change to be apart and we are now really good friends. The beach is such a relaxing place to be and I have used this CD many times when I am stressed and frazzled.

[43 Lord El Morya - Emotional Healing for Good Health and Well Being CD](#)

Reviewer: **sue Harrison** from **Blackburn** ★★★★★

Wow!! so powerful, yes I ended up sobbing like a baby but that is the point of this exercise, to release the old patterns and programming. I was very badly mistreated as a child and there was a lot of stuff there that needed to come out, and the second time I did this meditation it felt more comfortable. The temptation was not to do it again after the first experience, but don't let it put you off, it's a lot easier second time around as you have an idea what's coming. Since doing this my eating habits have changed radically (borderline addiction to chocolate!) and I feel a weight has been lifted, (literally) highly recommended!!

This to me was outstanding. It is such good value for money with so much crammed in (in a good way). This has allowed me to take a good look at myself and re-evaluate my beliefs. I will definitely be back more workshops!!

[17 The Elementals - Cleansing your Negative Beliefs CD](#)

Reviewer: **Lana Leiner** from **Texas, USA** ★★★★★

What a wonderful guided meditation! I have several of Jill's CD's and this one is so helpful and practical for boosting self-esteem. I feel very close to nature and mother earth and love to commune with non-humans. The Elementals are very

close to my heart and spirit. Such good advise they give and their presentation is so practical for us humans. They know us well and all about how our ego's get in the way of our spiritual growth. They remind us to get back to the basics. I also loved the questions and answers segment.

[19 The Pleiadians - Healing Meditation](#)

Reviewer: **Lana Leiner** from **Texas, USA** ★★★★★

I own several of Jill's guided meditation CDs. This is one that has really helped me with issues. The Pleiadians let you relive a hurtful experience in a mirror(lots of tears,though) and then have you change the outcome. Wow, it was great! I actually experienced the power of this meditation in real life. I had become emotionally hurt by a friend and I did not speak to him for a few days. I did this meditation and the very next day we both made contact with each other and gradually climbed back to friendship. I cry with joy when I think of this experience.

I have loved this meditation from Sanat Kumara. I enjoyed the channelled message included. I feel extremely close to the Brotherhood of Light. I feel them around me and their love. So, I was excited to get this CD. My reading that Jill did for me was from Sanat Kumara and he knew me and why I felt close to the Brotherhood. Many thanks for this wonderful work. You have helped a longtime spritual cynic along her spiritual path!

"Since attending several of Jill's courses over the past eighteen months, my life has changed tremendously. I would say that all changes are positive and I feel extremely empowered by the information that has been passed to myself and others through Jill. Jill has a gift that she shares unselfishly with others. She is truly a special person. I now look at the future with a more positive attitude, and I look forward to attending numerous other courses Jill will be teaching in the near future. The courses have helped me balance several parts of my life, from negative relationships, weight loss, studying and anxiety levels. I feel very

honoured to know Jill and her family, and commend them for the work they do for spirit and humanity."

Pleiadian Healing Level 5

Reviewer: **Benny** from **Leics, UK** ★★★★★

I feel I have definitely become more sensitive to healing energy. By the time we did the final session I could feel the strong healing energy as sudden coolness/cold energy within myself. Also we were taught to protect ourselves before and during any interaction/healing/therapy session which makes me feel more confidence and safe to carry on with all treatments. Most important of all, the people I have worked on, have experienced deep benefits - which shows how powerful and effective these classes have been.

Pleiadian Healing Level 5

Reviewer: **Val Stirling** from **Leics, UK** ★★★★★

Having now completed all 5 levels of the Pleiadian Healing Master Classes, at times with many of the same people, it's amazing to look back and see how far we have all come. The step-by-step programme clears your body and mind, and develops you to become all you can be. The guidance from Source; trance-channelled by Jill, and her connection to the Pleiadian Emissaries of Light, has allowed her to nurture our own connection to the Pleiadians, which is a wondrous experience, as they help you develop your healing ability. When you perform healing on someone in the class; then get the feedback; and then connect to what you've experienced, you are in awe of what has taken place. It is so incredible. You doubt it at first, but soon begin to see it for real and trust in the guidance you are receiving. I feel humbled and privileged to have received this training from Jill and The Pleiadians. It has had a massive improvement on the healing I do on myself and others; which is very satisfying. This has also created a boost in my self-confidence. For anyone wishing to develop their self-esteem, self-confidence and healing talent for their self or others, this class is a must. I've just witnessed people go from having no healing ability; to becoming powerful, confident healers. It just doesn't get any better.

Pleiadian Healing Level 5

Reviewer: **Kathryn Rafter** from **West Yorks, UK** ★★★★★

I have completed levels 1 through to 5 of the Pleiadian Master Classes and attending the classes has been a thought provoking and deeply emotional experience. When I booked myself onto the level one Pleiadian course I did not know what to expect but instinctively felt that this was going to be something special and was very excited about attending the course – I was not disappointed. I was nervous about meeting a new group of people but the sessions have been very enjoyable – sometimes hard work - but I thoroughly enjoyed them and am lucky to have met some wonderful like minded people who all supported each other during the weekends that we spent together. The first two levels set about a tremendous change in my life; a lot has started to come to the surface to be dealt with over the last year. Although this has brought about challenges which I am still working through I welcome the opportunity to face things that will bring about my growth, many of these things are issues that I have buried and not wished to face for many years but the course taught me the extent to which these things are holding me back. The tuition and guidance given by Jill has been inspiring, every step was explained to us, and all members of the group were made to feel secure and included, we all learned a lot about ourselves. Jill took us through some beautiful deep meditations, we all felt a connection with the Pleiadian Emissaries of light and following the meditations we shared our experiences with the group. I now feel blessed to be able to call upon the Pleiadian emissaries of light for help, I feel blessed to be given the correct exercises to help myself and wonderful techniques to help others with this amazing and powerful healing energy. My eyes have been opened to a whole new way of thinking and dealing with emotional and physical issues both in myself and in others. Jill and Glenn have a lot to share with us, we are so lucky that they are bringing through such valuable and life changing teachings A million Thank yous to Jill & Glenn for their support and guidance and of course Thank you to the Pleiadian Emissaries of light whose energies are always there and given in love to those who wish to heal themselves and others.

Reviewer: **Ian Newton** from **Sheffield, UK** ★★★★★

Just got home after spending the weekend doing Pleiadian 5 and I found myself reflecting on what a journey it's been over the last 2 years from Pleiadian 1 to 5. Learning techniques on healing, colour vibration, spinal access points, meridian points. To think I now use these skills on others. I was also shown how to connect with the Pleiadians and I sense them around me all the time. We did unblocking exercises and from that the changes in me and my life are unbelievable. I have more confidence in myself and life. I no longer worry

about tomorrow. For the first time in my life I'm happy and content and living my life, I'm living the dream. I became the change within me. Thank you Jill.

Every time I read a book from Jill and Glenn, I just cannot put the book down. The book speaks to my soul, and I keep going back to it even though I finished the book some time back. Every time I pick the book up it speaks to myself again, I don't know if it is because I am a slow learner or what. For my spiritual growth and yours read these books, because you won't be sorry and you will be happier for it. Thanks Jill and Glenn and Archangels and spirits for these books.

Beautiful! "I have done the new Pleiadian 5 Healing Meditation CD a few times now and I really love it, it is beautiful. I think that my meditations are becoming a bit deeper these days, they feel richer and I am feeling much more sensation than when I first walked into your class. I listened to the CD this morning and stayed in meditation when it finished and was surprised to see how much time had elapsed when I opened my eyes. I felt it had only been a few minutes but it

had been nearly an hour and a half which is a long meditation for me. I felt very emotional when I came back but also much more light hearted. If I don't say it often enough - Thank you for all the wonderful things that you and Glenn do for us. Love Kath "

I've listened to a few of your meditations and to be honest I've listened to the likes of Diana Cooper and Doreen Virtue ect... And I've never felt the benefit from any of them. But since I've listened to yours I've really felt the benefit of them and noticed the quick changes with myself especially with listening to the abundance cd. "This is a lovely CD to listen to when feeling particularly down about oneself. I actually get glimpses of what I truly am when I listen to this meditation, no small feat given I've felt low about myself since I can remember. I can't say I've really been able to visualize what has been asked of me during this, or really felt any sort of otherworldly cleansing of myself, but there is no denying the more I listen to it, I do feel a bit closer to my higher self. Someday maybe, someday. (:"

"There are very few people who could say they didn't experience strong emotional release with this cd. I was blown away at how many unhappy memories that surfaced, needing release. I went with the first one that came to mind, but plan to listen to this cd again until I have come to terms with all those negative memories. The music in particular was eerie and very moving, it sent chills all over my body. Would recommend this to anyone who has issues that need resolving."
